

AKRON BEACON JOURNAL

Index to Obituaries

1980

Compiled by the staff of the
Language, Literature and History Division,
Akron-Summit County Public Library

INTRODUCTION

This is the first in what we hope will be an annual series of indexes to the obituaries in the Akron Beacon Journal. The newspaper on microfilm is the most frequently used reference source in the Language, Literature and History Division of this library and much of this interest is in local obituaries. When the exact date of death is known the search poses no particular problem for either the patron or the staff, but all too frequently this vital bit of information is unknown. This index has already saved many hours of searching and has justified the amount of labor that went into its compilation.

The whole of the indexing was done by Rosemarie Foord. Ms. Ford did a part of the typing, assisted by Alex Cikra, Beth Hollis and Renee Wood as their other responsibilities in the division permitted.

Steven Hawk, Director of ASCPL, has generously approved the expenditures necessary to reproduce and bind five copies of this index. Copies are being deposited in the libraries of the Akron Beacon Journal, the University of Akron, and the Ohio Historical Society in Columbus. All of these institutions own copies of the microfilm of the paper from which the index was compiled.
