# FOREWORD

The Burch Directory Co., publishers of the Akron City Directory for over sixty (60) years, herewith presents the 1930 edition and Volume 49, feeling assured that it will meet the many needs, as well as the approval of all who have occasion to consult its pages and wealth of information.

This Volume embraces Eight Major Departments, as follows:

**The Miscellaneous Department**, pages 13 to 30, presents a variety of information, such as City and County officials, Churches, Schools, Fraternal and other organizations.

**The Classified Advertising Department**, on pages 35 to 282, printed on goldenrod paper, contains the advertisements of leading merchants and manufacturers.

**The Alphabetical List of Names (Akron)** of all persons, over 15 years of age, business firms and corporations, is included in pages 283 to 1314.

**The Directory of Householders, or Street Directory**, printed on pink paper, appears on pages 1315 to 1634 and gives the names and location of all streets and street numbers with name of the principal occupant—head of the family or firm, as the case may be—opposite each number, as well as the names of all streets intersecting, printed in italic.

**The Classified Business Directory (Akron and Cuyahoga Falls)** is included in pages 1635 to 1722. This department lists the various manufacturing, mercantile and professional interests under their appropriate headings and constitutes an invaluable feature for buyer or seller, or anyone wishing certain kind of service. More goods are bought and sold, and more business transacted through the Classified Business section of the City Directory than through any other medium.

**The Legal Department**, found on pages 39 to 54; and printed on blue tinted paper, contains the professional cards of most of the leading attorneys at law (Lawyers) and signifies without question their faith in publicity such as the City Directory has to offer.

**Barberton Department**, Miscellaneous, Street Directory, Alphabetical List and Classified Business Directory follow on pages 1720 to 1930 inclusive.

**Cuyahoga Falls Department**, from pages 1981 to 2107, Miscellaneous, Street Directory and Alphabetical List, constitutes the final pages in this interesting volume.

Not content with local publicity for Akron, its ambitions and achievements, the publishers send copies of this Directory to the various Directory Libraries throughout the United States and Canada, where they are readily available for free public reference, thus broadcasting Akron in the best manner possible. These books are donated by the publishers and postage or express charges on same are prepaid, all of which is a part of the local Directory Service. Advertising in the City Directory is now National Advertising as well.

As the matter of population is always of interest, and it is generally conceded to be a part of the Directory man's job to report on same, we have made a careful count of all individual names herein, with the following results:

The Akron alphabetical list contains 134,415 individual names, this number, multiplied by two (2), to cover children under 15 years of age, also married women who are not included in the foregoing figures, would indicate a present population of 268,830. Even though Kenmore, with a population of about 16,000, has been annexed since our last issue, Akron alone has made a gain in population of over 25,000.

The Barberton alphabetical list contains the names of 12,205 individuals, this number, multiplied by two (2), would indicate a substantial growth and a present population of 24,410.

The Cuyahoga Falls alphabetical list contains 10,448 individual names, and this number, multiplied by two (2), shows a present population of 20,896.

We hereby extend our sincere thanks to all patrons and citizens for their generous patronage and co-operation in making this work possible.

Respectfully,

THE BURCH DIRECTORY CO.

Seiberling's latest contribution to longer tire mileage is **AFFINITE**—50% tougher tread rubber.

In addition to extraordinary resistance to abrasion—this pure rubber compound has unusual road adhesion—it holds firm where ordinary rubber slips. There is 40% greater traction—**SAFETY**.

Gladly we will show you the **NEW SEIBERLING SPECIAL SERVICE**—the tire that outwears them all—that has successfully added far greater strength without sacrifice to pillowy riding comfort.

William M. Robinson

## MARKING THE THIRD OF A CENTURY

WITH thirty-three and one-third years of continuous service in Akron to their credit, The American Towel Supply and Robinson Towel Supply Companies are receiving the congratulations of many friends.

William Miller Robinson organized and launched this business enterprise October 1, 1896. For a long time there was up-hill work. Akron was then a city of not more than 30,000. Office men and executives were yet to be educated to the convenience and the necessity of a service of this kind. Now the Robinson organization has the patronage of numerous high-class offices—dentists, doctors and large office organizations.

In the midst of strict attention to a business of many details, Mr. Robinson has yet found time to be active in many of the city's civic affairs, in the Y. M. C. A. and in the Methodist church, with other churches as well, finding in him a friend. His boosting has included Chamber of Commerce connections, the East Akron Board of Trade, etc., and he was one of the first advocates of and workers for the playground movement in this city.

Similarly he has been active in outside interests being a pioneer and still an active member of the National Linen Supply Association. Also he is a member of the Sons of Veterans, and Sons of the American Revolution, his great grandfather (on his mother's side) having been one of George Washington's couriers. He is a charter member of the Y. M. C. A. in Akron.

Like Edison, Mr. Robinson, in looking to the future, sees where his business must be in younger hands. A third of a century is no short work-day. Though he has no son he has at present no little assistance from Miss Irma Robinson, his daughter. Miss Robinson fills the position of secretary and treasurer of the company. Like her father, however, she is interested in many other activities, is an active and earnest member of the College club and a hearty supporter of the Girl Scout work and interests. She is also a daughter of the American Revolution and a graduate of Akron University.

*the New Car Thrill!*

That new car means pleasure ahead—new performance and the feeling of pride. An impressive percentage of new car purchasers have added the final touch that completes the new car thrill by putting on the Dual-Balloon "8." The extra cost is slight compared with the advantages—everything you want in mileage—non-skid permanence and the surpassing comfort of balloon low-pressure that only the Dual-Balloon principle makes possible in combination with such big mileage.
