SOMETHING

To Think About

For the Advertiser and the Consumer

DO YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally, second, this co-operation and patronage is wholly responsible for the very existence of the City Directory.

The modern City Directory is a wonderful asset, credit and benefit to the community it represents. In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective.

While we have offered you "Something to Think About," it is also Something Worth Remembering.

45 Years of Service . . .

Akron is the Rubber Capital of the World. It is the hub of the globe-girdling rubber empires and their vast networks of retail outlets.

Akron-made products are to be found wherever wheels turn. Aside from thousands of rubber products, Akron area plants turn out matches, automobile rims, clay products, salt, dies, molds, batteries and chemicals.

Akron, with more than 50 motor freight terminals, is the center of the trucking industry. Here is the world's largest fishing tackle factory, the site of the All-American Soap Box Derby and the home of the dirigible and blimp.

The Akron Chamber of Commerce is guiding Akron's progress.

OF THE
AKRON CITY DIRECTORY

1952-3

This section of the Directory contains the Advertisements and Professional cards of the more progressive business men, classified according to their respective line of business or profession. In brief, they are the men who are making business and history for Akron. Patronize them and you will be sure of a square deal.

We have on file in our Directory Library every issue of the Akron City Directory, beginning with the 1868 edition, down to the current issue. These volumes contain a wealth of information concerning the people who were listed in the Directory during the past 82 years.

Persons listed in the earlier Directories are now only memories, but their listings in the Directory remain the same as when they were here in person.

These rare volumes, as well as hundreds of current Directories of other cities, are available for public reference, without cost,—just a part of our service.

KNIGHT-WARE

CHEMICAL EQUIPMENT

KNIGHT-WARE PIPE AND FITTINGS

This quality chemical stoneware is not just surface resistant but is physically tough and corrosion proof throughout its entire body. It resists all acids and alkalis, hot or cold in any concentration.*

Knight-Ware Pipe is available in a variety of standard fittings and can be installed by any competent plumber. Where special sizes are needed, they can be made at relatively low cost because no expensive molds are required.

Send for Bulletin No. 5 W.

*Excepting HCl and hot caustics

Acid Proof CEMENTS

Knight has developed a line of special cements to meet almost any corrosive condition.

PERMANITE Cement used with acid proof brick provides a floor or tank lining that resists acids, alkalis, solvents, oil, grease, water and steam.

Send for Bulletin No. 4 W

Other types include
KNIGHT NO 2—Silicate Base
KNIGHTROBOND—Sulphur Resin Base
KABO—Phenolic Base
 Write for complete information

KNIGHT-WARE LABORATORY EQUIPMENT

Knight-Ware Laboratory Equipment has all the properties of Knight-Ware Pipe as given above. It is available in a wide range of standard and special designs including:

- Sinks
- Table Troughs
- Acid Lines
- Fume Ducts
- Tanks
- Kettles
- Sumps
- Suction Filters
- Jars
- Towers
- Valves
- Berl Saddles

Write for Bulletin No 5 W

Acid Proof COATINGS

Pyroflex Lacquer protects tanks and metal work with a tough surface coating. It withstands severe corrosive conditions and may be applied by brush or spray to metal, concrete, wood or painted surfaces. Available in colors. Shipped in 1, 5 and 50-gallon containers.

Send for Bulletin No. 3 W

PYROFLEX CONSTRUCTIONS

The term Pyroflex Construction refers to complete functional units designed by Knight engineers and can be built to handle almost any type of corrosive service. Besides Pyroflex, which is a Knight developed thermo plastic sheet lining, these units may incorporate ceramics, carbons, glass, graphite, plastics, lead or any other material best suited to the individual situation. Knight will design and build complete units or line large equipment in your plant.

Send for Bulletin No 2 W

NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

the symbol of quality plus!

The quality of the materials used in the production of Seiberling tires and tubes—plus the skilled craftsmanship of the men who build them, combine to make Seiberling products outstanding in the field of rubber.

For over a quarter of a century Seiberling scientists have set the pace in rubber research. And, as a result, the name Seiberling has become the most honored name in the industry—A Name You Can Trust In Rubber.

Seiberling builds a tire for every load and road. For passenger cars, for farm equipment, for trucks, for heavy earthmoving equipment. And sealed-air tubes, the puncture-sealing tube for passenger cars, trucks and buses.

Next time you buy tires look for the Seiberling trademark, your assurance of quality plus.

SOMETHING To Think About For the Advertiser and the Consumer

DO YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally; second, this co-operation and patronage is wholly responsible for the very existence of the City Directory.

The modern City Directory is a wonderful asset, credit and benefit to the community it represents. In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective.

While we have offered you "Something to Think About," it is also Something Worth Remembering.

THIS DIRECTORY IS A PRODUCT OF THE BURCH DIRECTORY CO.

A Member of The
Association of North American Directory Publishers

Thus assuring patrons the ultimate service that skill and care can produce in the way of City Directories, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association in 1898, and strictly adhered to since that date, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the Directory.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found and the Directory be made to serve its fullest use as a

business and social reference and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
