VOLUME XX.

In the compilation of this volume we have endeavored to surpass all previous efforts, and the result may be accepted by the public as a personal and business guide. We could not of course hope to make it perfect, but if we have succeeded in avoiding such errors as would result from negligence, and have incorporated only those that may be properly termed unavoidable, we are confident the work will meet with approval.

There is no surer indication of the growth and enterprise of a city than is presented by the changes found in a Directory of its inhabitants, and the increase over last year shows a steady and healthy growth.

We give as our opinion, based on the number of names in the Directory, that the city of Akron, including suburbs (which are included in this work and which should be annexed to the city) contains over 45,000 people.

We wish to thank all who have aided us in our work of issuing this volume, all who have had patience to receive the "Directory man" courteously and give correct information, the press of the city, and others, for kindly co-operation, and particularly those whose liberal patronage has made a good Directory of the city a possibility.

Respectfully,

CLERKIN & MAAG,

MANUFACTURERS OF

XXth CENTURY FURNACES AND REGULATORS.

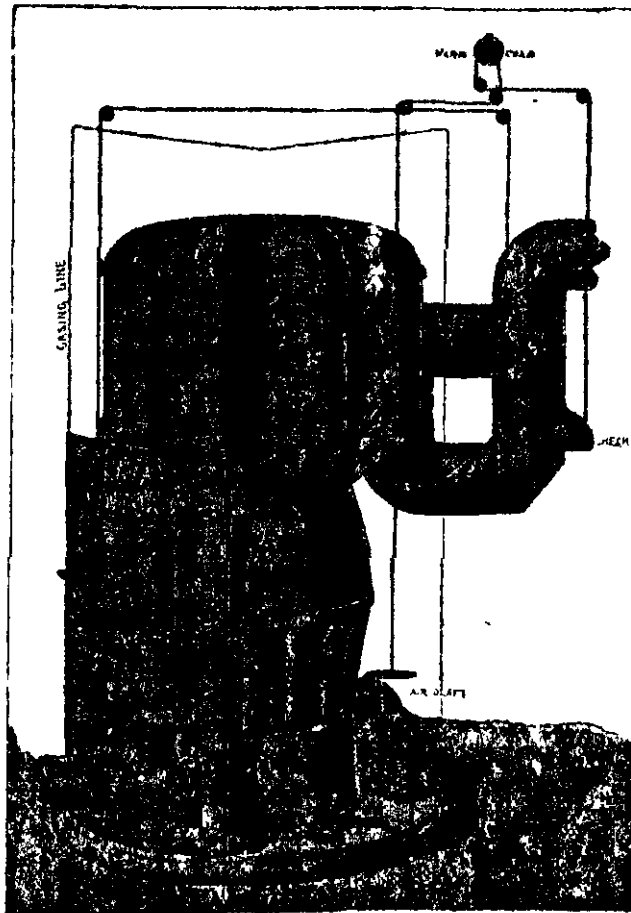

342 South Main St.

Telephone 442.

WHY do people praise the XXth Century Furnace? Because it is the only furnace manufactured in Akron built especially to do away with the objections to **all other soft coal furnaces**. It was built at a time when we knew from experience what construction would be necessary to beat all competition. Come in and see the "World Beater."

Black & Germer, of Erie, Pa., after forty years' experience in the stove and furnace business, come to us for permission to use our patents in "Onk" stoves. They knew they must have XXth Century construction to sell their goods. The XXth Century has a remarkable record and cannot be appreciated without examination. Call and see it.

The Beacon Journal

Is the BEST ADVERTISING MEDIUM that circulates in Summit County.

Because its subscription list is the largest and best in Summit County. WHY?

Because it gives its readers more local news, later telegraphic news, is more carefully edited and better printed than any other. If you are an advertiser you should use it. WHY?

Because it vigorously champions your interests and strives by every means in its power to protect your business from outside invasion. WHY?

Because if your business prospers, so does ours; if your business languishes, so does ours. We need each other.

Don't forget the Summit County Beacon. WHY?

Because it occupies a warm spot in the hearts of over 2,500 of Summit County's best families.

Because of these reasons we insist that no mediums you can use will do as much good for you as these.
