GASOLINE LAMPS

You cannot always depend on Electricity or Natural Gas, so protect yourself by installing **AKRON LIGHTING SYSTEMS, PORTABLE LAMPS and LANTERNS.**

There is a lamp for every purpose,

whether it is Homes, Summer Cottages, Stores, Churches, Halls, Parks, Drives, Garages, Etc.

They produce gas light from common gasoline. A better and cheaper light than Electricity or Natural Gas.

ABSOLUTELY SAFE FULLY GUARANTEED

THE BUSINESS OF THE TIMES

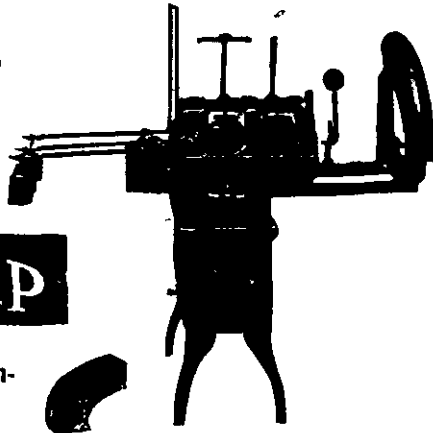

Start a Tire Repair Business

The best money-making business today for men with small capital. Five million autos in use, and increasing by leaps and bounds; present high prices of tires and the necessity for conservation means more tire repairing than ever before. Repair shops now established cannot begin to take care of the demand.

ENGAGE IN THE TIRE REPAIR BUSINESS NOW WITH

Better Mileage- More of It

ON a mileage basis Amazon Tires cost you less money They give you comfort, safety, complete freedom from worry To our own satisfaction we have proved these facts about Amazon Tires

All Amazon Tires are good We have the testimony of one distributor who in 1918 found three defects in 4,000 casings.

When you use them you will recommend them Your recommendation will build our business We want to prove to you that Amazon Tires are more than we claim Come to the factory and see these big husky Amazon Cords and Fabrics

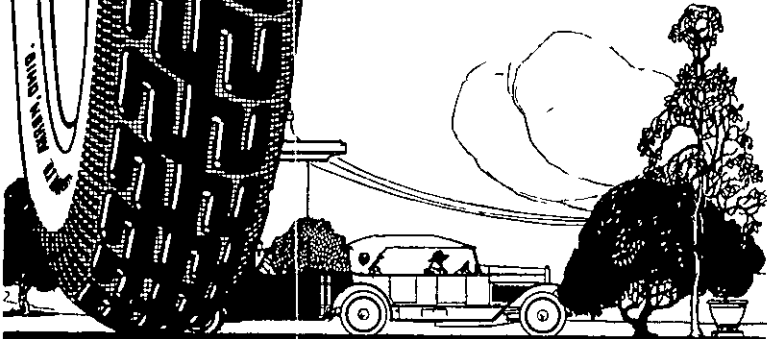

Amazon Tires Give Greater Mileage

The mileage that comes out results from finest quality materials and intelligent workmanship that is put in

Deliver on Amazon Cords

Put Amazon Cord Tires on your delivery wagons Put big size Amazons on the front wheels of your big trucks

Where load and strain are greatest Amazon Tires show best the quality that is in them You cannot appreciate the economies that Amazon Tires will give you in hauling costs and in truck upkeep until you use Amazon Cords on your delivery cars and trucks For the results they give Amazon prices are exceedingly low

Mohawk Mileage Built In By Hand

There's a big difference between any hand-made article and any machine-made product.

And there's just that difference between Mohawk tires and other tires

Mohawks are hand-made by the best tire builders in the industry.

The good tire today comes from the best material and best workmanship—not from secret methods or special processes.

Actual Value Makes the Tire

The ability to put only pure material in a tire—omitting all the "fillers" such as barytes, clay, glue, whiting, lead oxide, reclaimed rubber, rosin. The ability to use an extra ply of standard weight fabric—to use hand methods only and to pay for the well-paid workmen necessary in hand building. These are the things that mean more actual value in a tire.

And it is actual value that gives better actual mileage.

Mohawks are made, either Cord or Fabric, in ribbed and non-skid treads and there's a special Ford size, hand-made with an extra ply, too.

FURNACES

The First One Ever Made, 24 Years Ago,
 Is Still in Use, Heating as Well as Ever

XXth Century Furnaces equipped with a gas burner, as shown here, give economical heat in season and between seasons when just the nights are cold. You can let your furnace fire go out and run the gas burner. It costs no more than coal and will heat in cool or coldest weather with or without a furnace fire. Consult our heating engineers about it.

METAL STAMPINGS

Akron's Industries, particularly those engaged in the manufacture of tires were very much pleased when we announced, a short time ago, our intention of adding a modern and fully equipped Metal Stamping Division to our present lines

These same industries were still more pleased after they had given us a trial and saw for themselves the class of work we are in position to turn out. In the past it has been impossible to have this class of work taken care of locally, resulting in costly delays in many instances.

We are specializing in small metal stampings for imprinting trade-marks, serial numbers, etc, on tires and other rubber products. The fact that we are specializing in this particular line of stampings, however, does not in any way affect our ability to take care of the market's requirements of heavy stampings in a satisfactory manner.

When in need of anything in the above lines, just phone or write us and our representative will call on you.

Made with 4 or 6 Arms

Falls Friction Clutch Pulleys and Couplings consist of a combination of mechanical movements, which are the acme of simplicity and strength. All parts standardized, accessible, easily erected and adjusted, made solid or split.

Power may be distributed with rope by two distinct methods, the English or Multiple System, and the American or Continuous System. The English System is usually used in main drives of larger powers, while the American or continuous wrap system, operates successfully from small to large loads and on long or short centers, horizontally, vertically, parallel, or at any angle to each other. On the latter system, the use of Tension Carriages is essential to keep a uniform tension at all times on the rope.

GOODRICH TIRES ARE BEST IN THE LONG RUN

Your friends and your dealer will recommend Goodrich Tires to you, and a National Advertising campaign is carrying arguments to influence you,—but it is not until you actually put a Goodrich Tire on your car and watch its performance that you will really begin to appreciate its wearing qualities.

With ordinary care you will find you are getting more miles, with fewer symptoms of tire troubles, than you have been accustomed to getting. You'll insist on Goodrich after that.

AKRON, OHIO

Akron After the War (1919)

The year following the termination of the world war has been one of unprecedented prosperity for Akron. Vexing problems of the reconstruction period which elsewhere paralyzed business and caused unemployment, affected Akron only slightly. Industries of the city resumed operations on a peace-time basis with scarcely a momentary halt, and the demand for Akron products soon necessitated enlarged factories and more employes. As a result, the city has grown even faster than during the most prosperous pre-war years.

The amount of new building reflects the general prosperity of the city. During the first seven months of 1919, the building permits totaled \$14,610,252, as compared with \$14,166,605 for the entire twelve months of 1917. Outlying sections of the city have been built up rapidly, and many new allotments have been opened. The value of real estate is mounting steadily.

Attracted by the high wages paid by Akron's 140 manufacturing plants, many thousands of men have come to the city from other parts of the country and have found work readily, even at times when there were large numbers of unemployed in other cities. In addition, all of the 10,000 Akron service men who have returned from the war have been re-employed. The total number of employes has increased to over 72,000 and the industrial payroll of \$74,500,000 last year is expected to be increased to over \$80,000,000 for 1919. The value of manufactured products reached a total of \$411,119,860 in 1918. Bank clearings for the first nine months of the fiscal year ending October 1, 1919, were \$301,305,000, as compared with \$282,188,000 for the twelve months preceding November 1, 1918.

With 24 companies manufacturing rubber products, Akron still maintains its place as the rubber manufacturing center of the world. More than 60,000 tires are manufactured daily, besides immense quantities of other rubber goods. Manufacture of cereals, clay and foundry products, and motor trucks is being increased to meet a growing demand.

Akron and Summit County completed the record of over-subscribing every Liberty Loan by subscribing \$9,000,000 to the Victory Loan, as compared with the quota of \$8,782,000. The total amount subscribed to the four Liberty Loans and the Victory Loan was \$37,219,000.

Following our custom, we have counted all individual names in the Akron alphabetical list, excluding non-residents, and find a total of 95,644. This number multiplied by 2 to cover the names of married women and children under 15 years of age would indicate a present population of 191,288.

By a similar estimate, Kenmore shows a population of 9,074, Barberton, 16,248, and Cuyahoga Falls, 8,624.

Respectfully,

THE BURCH DIRECTORY CO.

Facts About Directory Advertising

It Is the Only

Advertising that is not "hit or miss" from the fact that it can always be found when wanted.

It Is the Only

Advertising medium that has no competition and is used by practically the whole community and is not used for kindling purposes a short time after issued—nor is it read once and thrown away.

It Is the Only

Advertising which is on the job 365 days in a year and, in many establishments, 24 hours a day.

It Is the Only

Advertising medium where you can advertise your goods with absolute certainty that the public can find this information when desired.

It Is the Only

Advertising medium where you would look and expect to find what you want when you want it.

It Is the Only

Advertising medium that represents every business house in the City, and to omit your sign therefrom is like neglecting to place your sign in front of your place of business.

**There Is no Advertising to Compare With It—
Cost and Service Considered**

POSTAGE RATES

Domestic Matter—First class, letters and all written or sealed matter two cents per ounce or fraction thereof. Postal cards one cent. Second class, entered newspapers and magazines, one cent for four ounces or fraction thereof. Third class, books, photographs and printed matter generally, one cent for each two ounces or fraction thereof. Parcel Post includes Books and all Merchandise with rates according to zone. All Parcel Post matter should be brought to Postoffice or Stations.

Registry Fee—Ten (10) cents.

To insure proper rating of doubtful mail matter, it should be brought to the Postoffice.

Foreign Rates—Postal Union Countries only. Letters and all sealed matter, five cents for first ounce or fraction thereof and three cents for each additional ounce (except in England, Ireland, Scotland and Wales, and Germany [if by boat direct] where the rate is two cents same as domestic). Newspapers, periodicals and photographs, unsealed, one cent for each two ounces or fraction thereof.

Advise your correspondents of your street address, and request that they so direct your mail. This insures prompt delivery and prevents mistakes.

By placing your name and address on the upper left-hand corner of the envelope you will receive the letter back if it is not delivered.

Report all irregularities in the handling of your mail to the Postoffice.

Postoffice open for dispatch of mail day and night

Main Office East Market cor. High St.

Don't Waste Heating (\$)
 You can shovel much coal into old fashioned heaters, yet much of the heat will pass up the chimney. We guarantee economical fuel bills. THE AKRON PLUMBING & HEATING CO., 73 West Exchange St.

PASTEURIZING HAS A MEANING

It insures the healthfulness of your milk and unless properly done is valueless

This daily recording thermometer record shows the time and temperature at which our milk was pasteurized
 It insures you that the milk is PASTEURIZED, that is, HEATED TO 140 DEGREES AND HELD 30 MINUTES.

P. MARTUCCI

First Class Shoe Repairing

P. MARTUCCI

Why throw away old shoes when shoe prices remain so high. Bring them here; we repair them like new

Mr. Martucci is a real expert, having spent practically all his life in the shoe repairing business. Serving in the Italian army, Mr. Martucci was assigned to direct the shoe department of the 8th Army Corps at Florence, Italy.

Let him take charge of your Repair Work. He will give it his personal attention which guarantees you satisfaction.

Ladies' and Gents' Shoe Shining Parlor In connection with Repair Shop. All work guaranteed to be first class. Repairing while you wait. Open from 6:00 a. m. to 7:30 p. m.

THE
Bessler Movable Stairway

MADE IN AKRON

Takes up no space
in floor below

Costs less than a
stationary
stairway

So simple and
easy that a child
can operate it

Never in the way
when not in use

Folds up into the
ceiling
