CITY PRINT SHOP CO The, Edw S Harter pres, Alex Sicherman vice pres,
Floyd A Mahl sec and treas, 49-51 E Mill

FOR SERVICE == COME TO == THE CITY PRINT SHOP

A Manufacturer, removing his plant from an Eastern city to the Akron industrial field, told us that he required immediate service in three essentials:

FIRST: The printing of business stationery, including letterheads, envelopes and calling cards.

SECOND: The preparation and printing of copy for his prospective customers.

THIRD: The composing, typing and addressing of several hundred letters to be sent to clients.

Within 24 hours THE CITY PRINT SHOP organization had written the copy for his prospective customers, letters from data supplied by the manufacturer, had submitted proofs, printed the stationery, typed and addressed the letters on their own Hooven Automatic machines and was pleased to hear the customer say: "This IS SERVICE."

Our new plant in Mill Street, opposite the Colonial Theatre, is equipped to print everything from a card to a book. Our Publicity Department assists the customer in the writing of his letters and copy. Our Art Department, without charge, submits original designs for letterheads, trademarks and monograms. Our Typewriting and Multigraphing Department supplies that individuality and neatness of finished work which every business house desires.

We shall be glad to have the opportunity to serve you.

Will Make Walking A Pleasure

Will make you forget there are such things as hard pavements and slippery sidewalks.

Absorbing the jar of countless steps, they add a buoyancy--a confident swing to your walk--and outlast the rest of the shoe.

Ask for them at your Shoe Shop and be sure to get **DENMEADS.**

American Progress runs on rubber

“American progress runs on rubber”—
so rapid and powerful is the development of the
tire industry that The General Tire and Rubber
Company of Akron goes on record with the predic-
tion that *before the end of this year tires will be
second only to steel in American industry.*

Why the Fastest-Growing Industry

The one industry on which all indus-
tries rely—the typical American in-
dustry because they represent the
speed, vigor and growing activities of
the nation—Tires are the fastest-grow-
ing industry because they are the rubber

rails to expanding trans-
portation and moving en-
ergies that have outgrown
steel. The development of
every other industry and
activity means tires and
more and more and better
tires.

Built in Akron, Ohio by

ACID-PROOF THREADED STRAIGHT-WAY COCK

Faucets and stopcocks are made in any bore up to 6 in., and in all designs. All tested to 60 lbs pressure and guaranteed acid proof throughout.

Notice the deep, lathe cut screw threads

Our clay and method of manufacture is NOT the same as used by others in our district

THIS TRADE MARK stamped into the body of chemical stoneware means that it is guaranteed acid-proof through the entire body, tough and durable and not brittle or fragile like common ware,—that it is free from checks, blisters or other defects and does not leak or sweat and must be perfectly satisfactory to you.

**OUR WARE IS NOT DEPENDENT UPON
A GLAZE, ENAMEL OR VENEER**

IT IS THE BODY ITSELF

Withstands the action of Acids, Alkalis
and Chemicals, strong or weak,
hot or cold

THE DAUNTLESS PLUMBING CO.

Plumbing, Heating and Electrical Contractors 212 South Main Street. Both Phones.
