The City Directory

Represents
Conditions
Today—
History
Tomorrow

The men who direct the affairs of the city and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the world as no other publication does or can do.

It is the logical means of publicity in advertising the city, its industrial, commercial and social advantages.

Patronize the City Directory and you automatically boost your own business.

The sign over your door is a mighty good investment, but just consider how much "mightier" investment the Directory offers you.

THINK IT OVER!

After the Sale

IT is the customary thing in business to show the buyer careful attention before the sale.

It is the Goodyear desire to show him even more careful attention afterwards.

In other words, Goodyear policy has a double purpose:

First—to *build the greatest possible value into the product*; and second, to *provide means enabling the user to get all this value out*.

To accomplish the first part of this policy, Goodyear has withheld no effort that could improve the goodness of Goodyear Tires.

Today, as an example, by reason of the extra-elastic cord fabric SUPERTWIST, Goodyear SUPERTWIST Balloons are admittedly the finest tires it is possible to buy.

To accomplish the second part, Goodyear has built a world-wide dealer organization schooled in tire knowledge and tire care.

It has repeatedly urged the public, as it now urges you, to use this organization as a means of keeping tire costs down.

*More people ride on Goodyear
Tires than on any other kind*
