Foreword

The Burch Directory Co, publishers of the Akron City Directory for over sixty (60) years, herewith presents the 1933 edition and Volume 51, feeling assured that it will meet the approval of all who have occasion to consult its wealth of information.

This Volume embraces Seven Major Departments, as follows:

The Miscellaneous Department, pages 11 to 34, presents a variety of information, such as City and County officials, Churches, Schools, Fraternal and other organizations.

The Classified Advertising Department, on pages 35 to 138, printed on goldenrod paper, contains the advertisements of leading merchants and manufacturers

The Legal Department, found on pages 39 to 46, printed on blue tinted paper, contains the professional cards of most of the leading attorneys at law (Lawyers) and signifies without question their faith in publicity and service such as the City Directory has to offer

The Directory of Householders, or Street Directory, printed on pink paper, appears on pages 139 to 500 and gives the names and location of all streets and street numbers with name of the principal occupant—head of the family or firm; as the case may be—opposite each number, as well as the names of all streets intersecting, printed in bold face type.

The Alphabetical List of Names (Akron and Cuyahoga Falls) of all persons over 15 years of age; business firms and corporations, is included in pages 501 to 1488

The Classified Business Directory (Akron and Cuyahoga Falls) is included in pages 1489 to 1570. This department lists the various manufacturing, mercantile and professional interests under their appropriate headings and constitutes an invaluable feature for buyer or seller, or anyone wishing this special information. More goods are bought and sold, and more business transacted through the Classified Business section of the City Directory than through any other medium.

Barberton Department, Miscellaneous, Street Directory, Alphabetical List and Classified Business Directory follow on pages 1571 to 1813 inclusive.

Cooperating with members of the Association of North American Directory Publishers copies of this Directory are sent to various Directory Libraries throughout the United States and Canada, where they are available for free public reference, thus broadcasting Akron in the best manner possible. All of which is a part of the local Directory Service. Advertising in the City Directory is also National Advertising.

We hereby extend sincere thanks to all patrons and citizens for their generous patronage and co-operation in making this work possible.

Respectfully,

THE BURCH DIRECTORY CO.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself

1 To consider, first, the interest of the user of the book

2 To subscribe to and work for truth, honesty and accuracy in all departments

3 To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates

4 To increase public knowledge of what Directories contain, to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and

social reference book and director of buyer and seller

5 To decline any advertisement which has a tendency to mislead or which does not conform to business integrity

6 To solicit subscriptions and advertising solely upon the merits of the publications

7 To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold

8 To co-operate with approved organizations and individuals engaged in creative advertising work

9 To avoid unfair competition

10 To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

SOMETHING

To Think About

For the Advertiser and the Consumer

DO YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally; second, this co-operation and patronage is wholly responsible for the very existence of the City Directory.

The modern City Directory is a wonderful asset, credit and benefit to the community it represents. In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective.

While we have offered you "Something to Think About," it is also Something Worth Remembering.

The BLOWOUT- PROOF TIRE

. . . . Sweeps aside all standard
air pressures

So unique—so different is the patented construction of the Dual-Balloon, it lets you enjoy tremendously reduced air pressure. The result is smooth, luxurious riding ease, with softer, safer non-skid.

This ability to run at extreme low pressure is the real acid test of safe tire construction. It gives you an easy way to distinguish the Blowout-Proof tire from any substitute.
