If only
he knew
where to
look

Lots of folks hunt the hard way for information that is *right at hand* if they knew where to look.

They buy with part knowledge of those who sell; they guess at addresses; they waste postage and misspell names.

* * * all of which might be avoided by learning how to use the scientific compilation of information in the *City Directory*.

AKRON AND CUYAHOGA FALLS BUSINESS DIRECTORY

CLASSIFIED

Business Men should take enough interest in their business and the Directory to justify the publishers in LISTING THEM FULLY under all headings according to their various lines of goods—No better Salesmen on earth.

The Names

Appearing in BLACK FACE type in this Directory represent those who are public spirited and appreciate the fact that LOCAL ENTERPRISE is the power behind the City Directory, in brief, they are the Citizens who are making business and history for your City. The publishers are honored in making them better known to the public.

Patronize Them!

The City Directory

Represents
Conditions
Today—

History
Tomorrow

The men who direct the affairs of the city and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the world as no other publication does or can do.

It is the logical means of publicity in advertising the city, its industrial, commercial and social advantages.

Patronize the City Directory and you automatically boost your own business.

The sign over your door is a mighty good investment, but just consider how much "mightier" investment the Directory offers you.

THINK IT OVER!
