South Broadway,

AKRON, OHIO.
Several other advantages accrue from this method of supplying the Hot Air over the fire. The accumulation of a thick bed of ashes on the grate acts as a jacket, and by its high non-conducting power prevents all loss of heat downward. When this mass is considerable, the lower part is comparatively cool. This is no small gain. Again, the introduction of the Hot Air above the fuel secures more thorough combustion. The top of the fuel is kept hotter than it can be when the draft comes from below, and consequently the smoke arising from the lower layers is largely destroyed in passing through the upper ones. These and the better control of the combustion unite in producing a great economy in fuel. It comes about in two ways at least, as may be readily seen on a moment's consideration. In the first place, the facts just stated must result in a great reduction of the fuel burnt by preventing its direct waste, and in this matter the absence of cinder and half-burned coal is no small element. It is easy to see how much is rejected in ordinary use in this state. In shaking the grate a large quantity is always shaken through unavoidably and thrown away.

Further, the absolute control over the combustion enables the householder, when the weather is warm, to keep the furnace at night with a very small expenditure of fuel because the fire can be kept burning on a very much smaller scale than is otherwise possible. By this means the burning of a quantity of unnecessary fuel is avoided and the temperature maintained at a more agreeable and wholesome degree.

In an experiment 50 pounds of coal was placed on the grate as soon as the fire was kindled on the top. The furnace was then closed and left entirely to itself, untouched and unvisited from 5 P.M. till 6 P.M. on the following evening without even changing the draft. The following is the record of the temperature of the air issuing from the register into the store overhead. 6 P.M., 149°; 6:30 A.M., 95°; 10:30 A.M., 80°, 12 M., 82°, 2:30 P.M., 77°, 6 P.M., 75°. Sufficient fuel and fire remained at the end of the experiment to kindle the furnace again without any trouble, and on stirring this and adding 5 pounds of coal, the temperature at the register was raised in fifteen minutes to 100°.
The above experiment is abundantly sufficient to show that the advantage claimed by the inventor, of greater control over the combustion is well founded. Besides this, however, it may be added that several times during the past winter the furnace has been left absolutely untouched from Saturday night till Monday morning without going out, and as above shown the time and labor required to urge it to full action are but small.

The claim advanced is that with this improvement—the Hot Blast Overdraft—what has hitherto been practicably unattainable may be easily attained, and that with it a furnace can and will do alone and unattended, what without it requires great care and attention. When to this is added the saving in fuel and the great simplicity of construction, there being no complicated contrivances to get out of order or to require frequent cleaning, the advantages claimed by the inventor are sufficiently obvious.

The Jahant Hot Blast Furnace is the only furnace manufactured by which you can have absolute control over a soft coal fire.

JAHANT & WEBER,
188 S. Howard St., Akron, O.
THE JAHANT

HOT BLAST FURNACE.

PATENTED.

A complete Durable, Powerful and Reliable Furnace, which for Health, Comfort and Ease of Management

Is equal to any, and better than the majority of heaters yet put on the market. As a method of producing and distributing pure warmed air, ventilating and rendering homes healthful, with a simple yet efficient arrangement for controlling the damper, and the small amount of labor necessary to take proper care of this Furnace stands unsurpassed, and its evident merits has given it ready sale and created a demand for it in all parts of the country.

Examine the following illustrations, read the descriptions carefully, and compare it with the construction of other furnaces, and the merits of this line of goods will be apparent in their simplicity, durability capacity and economy.
THE "JAHANT"
HOT BLAST FURNACE.

PATENTED NOVEMBER 25 1880

A. Air Inlet. B. Chamber in which the Air is Heated. C. Air Pipe in Hot Air Chamber. D. Air Pipe in Combustion Chamber. E. Check. F. Dust Damper. G. Shaker

We Manufacture the Furnace in Five Sizes.
CONSTRUCTION

OF THE

JAHANT HOT BLAST FURNACE.

PATENTED NOVEMBER 25, 1890.

THE BASE for the Portable Furnace and bottom ring for holding double casing is made in one section, adding strength and holding the Furnace firmly on the foundation. There is sufficient space allowed to fully supply the Furnace with air from the pit underneath, and also to allow the air to pass between the outer and inner casing.

THE ASH PIT is deep and wide. It gives an unusually large space under the grate for holding the ashes.

THE GRATE is "duplex" in form, but with a rocking side motion, obtained by using cams or levers, which is a decided improvement on the old style of cog wheels.

THE FIRE POT is constructed in two nearly equal parts. After careful investigation and long trial we have found that this is the only way to make a fire pot proof against cracking. Its success is past dispute. We make the sections of good new iron. The upper and lower section can expand and contract independently of each other during the progress of heating and cooling.

THE FEED SECTION, or combustion chamber above the fire, is made in the form best adapted to consume the gases and also to bring the products of combustion in close contact with as much of the surface for heating as possible.

THE CHECK DAMPER is of the latest and best pattern. It can be operated with a chain from the rooms above.

THE CASTINGS in our Furnaces are of the best new pig iron, heavy, well moulded and closely fitted. No old iron is used in any of our Furnaces.

NO BOLTS are used to hold the sections together. They are made to fit perfectly, always allowing for the expansion and contraction, thus preventing warping and cracking.

THE SMOKE PIPE collar is adjustable, coming from the Furnace in any required direction. The Furnace can therefore be placed fronting the most convenient way.
WE CALL ATTENTION BELOW TO SOME
OF THE

POINTS OF EXCELLENCE
IN THE

JAHANY HOT BLAST FURNACES.

PATENTED NOVEMBER 25, 1890

1 A Positively Self-Cleaning Furnace
2 Only Three Joints in the Radiator
3 An Immense Radiating Surface
4 Durable and Economical
5 Excellent Draft to Furnace
6 Drafts and Check Dampers Controlled from Rooms above
7 Fire-Pots which will not Crack
8 Simple in construction, with but Eight Joints
9 No Bolted Joints throughout Furnace
10 Perfectly Gas and Dust Tight
11 No Dumping of Grate Necessary
12 Grate Motion allows no Clinkers to Collect
13 Grate Easily Shaken
14 Its Construction Insures Nearly Perfect Combustion
15 The Excellence of Manufacture
16 Very Economical in Fuel
17 Adapted for Hard or Soft Coal, Natural Gas and Wood
18 Easily Set Up and Taken Care of
19 The Air is not Overheated
20 Its Evident Merits make it Sell Readily
21 This Furnace has Heated when Others have Failed
22 Greatest Possible Quantity of Heat Obtained from the Fuel
23 Combining the Greatest Improvements and most Practical Features

--- 8 ---
Directions for using

The

Jahant Hot Blast Furnace.

To kindle the fire

Fill Fire Pot about one half full of coal. Place kindling on the top, then shavings or paper. Then open check of Hot Air Blast, light and let it go. After fire is fully started partially close Hot Air Blast Check, regulate the fire here entirely.

To check the fire

Close the Check of Hot Air Blast. If you want to keep the fire moderate close partially. At night close Check of Hot Air Blast entirely.

Shake the grate by right and left motion whenever you cannot get heat enough, otherwise let it alone. When done shaking be sure to take shaker off when in perpendicular position.

Keep the Water Pan thoroughly cleaned.

Furnace should receive attention morning and evening, in severe weather once or twice a day additional.

Never when fire is low cover fire entirely with fresh coal. If fire is slow to start, place some kindling on the top and light them.

Never let ash pan get full of ashes.

Never close all registers when too hot, but regulate the fire.

In extreme cold weather and towards the night if using outside air, shut off part of the outside air, also in windy weather shut slide to regulate the incoming air from outside.

Furnace can be regulated from living room or cellar, ether.

CHIMNEY FLUES

A good flue is a necessity for the successful working of any heating apparatus. Here is found most of the trouble complained of in the imperfect operation of furnaces. The flue for a furnace should be independent, without any sharp turns, and not less than 8x8x8x12, smoothly plastered on the inside, and free from obstruction of brick bats and mortar, frequently left in when a chimney is built. The tops should be higher than the surrounding buildings. If a grate flue is used, close the grate up tight with brick and mortar.

WARM AIR PIPES AND REGISTERS.

We advocate the use of large pipes and registers. These are a necessity, both for health and economy. It is decidedly better to give plenty of air through large pipes moderately heated than a small amount through small pipes overheated.

We suggest the following for the average dwelling:

First story living room: 10 x 12 in.
First story bed room: 8 x 10 in.
Second story room: 8 x 10 in.
First story halls without register to second story: 10 or 12 in.
First story halls with registers in second story: 8 x 10 in.

Floor registers are most satisfactory on first floor.

Never use a hot air pipe less than 8 inches, or a register less than 8x10 inches.

TESTIMONIALS.

We print only a few of the many that we have received. Others can be seen by calling on us at our store.

A letter similar to the following was written to the persons who herewith recommend the Jabant furnaces.

**DEAR SIR**

Below please write us such a letter of recommendation as the No. Jabant Hot Blast Furnace we put into your house has warranted you to.

Very truly yours,

JAHANT & WEBER

**HERE ARE A FEW OF THE REPLIES.**

**JAHANT & WEBER**

_AKRON, O., March 16, 1891_

*Gentlemen—* The Jabant Furnace you put in my house last fall, certainly contains that most important feature, economy. Furthermore, gentlemen, it has proved to be a grand satisfactory success all around and highly pleased. It is without question superior to all the other furnaces, and my experience in other furnaces has been considerable, but your furnace is without a doubt the head. I was wonderfully surprised also to learn of the small amount of fuel it takes to keep your furnace in constant heat. For convenience, rapidity in starting fire, saving of fuel, etc., your furnace is incomparable and stands without a rival. I can cheerfully and truthfully recommend the Jabant Furnace to everybody.

Yours very truly,

ANDREW W. PHITZ, 238 Allyn St.

**MESSRS. JAHANT & WEBER, CITY**

_AKRON, O., March 19, 1891_

*Gentlemen—* Permit us to certify our approval of your “Jabant Hot Blast Furnace” as a heater. The one you put into our store last fall has given us more than satisfaction in comfort and cleanliness. The pure imitation of a summer atmosphere through our store in coldest of weather is something to strive for. You can have it with a Jabant Hot Blast Furnace. For economy we must say that twice the amount of coal used by the Jabant Hot Blast Furnace would not have heated our store to the same extent with any class of stoves. We cheerfully recommend this furnace to any one or to all who contemplate buying a furnace as a perfect dust and smoke proof, economical, first-class furnace.

LAMPAUER & PFEIFER

**OFFICE OF S. E. ALLEN,**

Wholesale and Retail Druggist and Dealer in Physicians Supplements

103 S. Howard St.

**MESSRS. JAHANT & WEBER, CITY**

_AKRON, O., March 19, 1891_

*Gentlemen—* In reply to your request that I state to you my experience with your “New Hot Air Furnace,” I beg to say we have used one of them for heating our store and laboratory since November 1st, 1890, with perfect satisfaction. For ease of management, economy in fuel, and simplicity of adjustment in regulating the amount of heat, in my judgment, it stands to day unsurpassed.

Very truly yours,

S. E. ALLEN

— 12 —
MESSRS. JAHANT & WEBER, Akron, Ohio, March 13, 1891

Gentlemen,—The Jahant Hot Blast Furnace No. 25, which I bought of you last fall, has proved very satisfactory to me in every particular. It is economical in fuel, easily controlled, and we have had no trouble with gas or smoke. The expense of heating my whole house of eight rooms this winter has been less than previous winters to heat half the house with stoves. I can heartily recommend your furnace to any one who desires to buy, as being first class.

Yours very truly,

A W. HAWKINS

MESSRS. JAHANT & WEBER, Akron, Ohio, March 14, 1891

In reply to your inquiry we would say, the Jahant Furnace you put in our house last fall works to our entire satisfaction. It is economical in use of fuel, and we receive speedy returns from the same. We find it burns soft or hard coal and coke equally well, and there is no dirt or unpleasant gases arising therefrom, and no trouble to keep fire a reasonable length of time. Wishing you success in your enterprise we remain,

Yours respectfully,

Mr. & Mrs. G. E. RITTMANHOUSE

OFFICE OF
C. D. CARUTHERS,
Manufacturer and dealer in Evaporated
Fruits, Oiler, Etc.

EAST AUCKON, Ohio, March 16, 1891

This is to certify that the Jahant Hot Blast Furnace put in my house last fall by Messrs. Jahant & Weber has given the very best of satisfaction. It has heated the house perfectly this winter on about 10 cents per day for fuel. I am particularly pleased with the very gentle manly and obliging manner in which I have been treated by the above named firm and can heartily recommend them to any one who contemplates buying a furnace. My house contains seven rooms.

C. D. CARUTHERS

MESSRS. JAHANT & WEBER

Dear Sir,—I cheerfully accede to your request to say a word for the Jahant Hot Blast Furnace. I myself have used it for the past six months, do not hesitate to say that the Jahant Furnace has no equal, and most cheerfully commend it to any individual desiring a profitable furnace.

Yours truly,

W. S. RHODES, 202 Locust St.

MESSRS. JAHANT & WEBER

Akron, Ohio, March 16, 1891

I am confident your No. 25 Jahant Hot Blast Furnace has done all that your liberal contract deserves, and more, have not been troubled with smoke. The job was left in a clean and workmanlike manner.

 Truly yours,

E. S. BUNNELL

OFFICE OF
JAMES G. FLEMING,
UNDERTAKER

JAHANT & WEBER, Akron, Ohio

COCHRANTOWN, Pa., March 2, 1891

Dear Sirs,—Enclosed find check to pay for heater put into new W. E. Church. We are well pleased with our heater, it heats our house in nice shape.

JAS. G. FLEMING, Sec'y

Dear Sir,—We are well pleased with the furnace and would not do without it. It gives good satisfaction in every way.

Yours truly, GEO. C. KLEIN

—13—
Messrs. JAHANT & WEBER
AKRON, O., March 18, 1891.

I take pleasure in recommending your furnace to any of my friends. My house has seven rooms. I burn two tons of slack per month at $1.50 per ton. Any one wishing to see it work can do so by coming to my house. You have done all you agreed to do, that is all any one can expect.

I remain yours,
CHAS R. MORGAN, 122 S. Maple St.

Messrs. JAHANT & WEBER
AKRON, O., March 11, 1891

Gentlemen—The furnace I purchased of you last fall, Jahant Hot Blast, has been fully tested, and I am thoroughly satisfied with the result. The fire has not gone out but once during the winter, and my house has been comfortably warmed during the coldest weather. Most of the time I keep the drafts closed. It is very economical in the use of coal and very easily regulated, and it is entirely free from gas and dust throughout the house. I use soft coal.

Yours respectfully,
G. F. JENNINGS, 111 Cohns St.

TO THE PUBLIC
AKRON, O., March 18, 1891

Having recently purchased of Messrs. Jahant & Weber & Jahant Furnace, I have in one month been fully convinced that it is the most perfect heating apparatus in the city. I heat more room with less fuel than I did heretofore with two stoves, and I am free from all dust, smoke and gases that naturally arise from any stove more or less. I would be much pleased to show the perfect work and workmanship of my furnace to any one who may call at 20 Alley Street.

Respectfully,
W. C. STEVENS.

Messrs. JAHANT & WEBER
AKRON, O., March 18, 1891

Gentlemen—I have used one of your No. 35 Hot Blast Furnaces in my house and store room from November 1st up to date, and during that time we have burned in furnace and cooking-range 47,750 pounds of coal. The furnace gives entire satisfaction.

Yours truly,
C. S. BONNER

Messrs. JAHANT & WEBER
AKRON, O., March 19, 1891

Sir—Your furnace has given complete satisfaction. I have no fault to find with it. It is just as you represented it to be, a first class heater in every respect.

A. K. SPICER, T73 Exchange St.

Messrs. JAHANT & WEBER
AKRON, O., March 20, 1891

Dear Sir—I am well pleased with the furnace.

SIMON BONFINE

Messrs. JAHANT & WEBER
AKRON, O., March 21, 1891

Sir—The Jahant & Weber Furnace No. 25 put into my house last October has given entire satisfaction. We heat five good sized rooms comfortably in the coldest weather by using four pails of soft coal in twenty-four hours.

A. A. TRISCH, 708 North Howard St.

Messrs. JAHANT & WEBER
AKRON, O., March 22, 1891

Gentlemen—The Jahant Hot Blast Furnace put into my house last fall by your firm, I must say has given the very best of satisfaction. For cleanliness and economy, etc., it cannot be excelled. It has heated our house to our entire satisfaction, and we can cheerfully recommend this furnace to anyone who wants to buy a good first-class furnace. Wishing you success, I am,

Yours truly,
C. H. FENTON.

The Business Headlight

Is of the highest service in every calling. It sheds abroad its light that all who possess it may see and avoid the rocks which cause disaster and ruin in life's pathway. A host of young men and women in responsible positions, throughout the city and elsewhere, have acquired the headlight in HAMMEL'S BUSINESS COLLEGE

Not one of whom could be induced to be without it and all pronounce it an indispensable element to success and prosperity. Descriptive circulars free. Open the year round.

P. HAMMEL, Prop.,
AKRON, OHIO.

AKRON, O, March 25, 1891

Dear Sir—Having used your furnace this winter, I am well pleased with it and think it is a great saving in fuel. Not any puffing or gas exploding, and you can have any desired temperature of heat, can recommend it as the best.
Respectfully yours,

JOHN ALLEN

Messrs. JAHANT & WEBER, City

AKRON, O, March 28, 1891

Dear Sirs—The furnace I purchased of you last fall has given me the very best of satisfaction. It is easy to regulate, clean, no bother with smoke or gas, saving of fuel. I bought 10 tons of soft coal (run of the car) last October, have heated my whole house, kept my cook stove going and have enough coal left to last until about the first of June. I can recommend the Jahnant Hot Blast Furnace to anyone that wants a first class furnace.
Yours,

G A BISBE

Messrs. JAHANT & WEBER, City

AKRON, O, March 1, 1891

The Jahnant Hot Blast Furnace I bought of you last fall, has given me entire satisfaction, and I can recommend it to anyone in want of a furnace.

H W BUTLER

We are more than satisfied with our furnace. It does all that you claim for it, and more too. We would not do without one again if we had to pay $500 to get it put in.
Yours very truly,

F H BURNHAM, 405 West Center St

JAHANT & WEBER

AKRON, O, March 23, 1891

Dear Sirs—I am pleased to recommend your furnace to anyone putting in one as economical, clean, easily operated and bound to give satisfaction. Have used a No. 25 one winter, heating eight rooms and halls at same cost as five rooms before. Would advise anyone to look up the Jahnant Furnace before deciding what to use.
Yours truly,

Mrs L B CAMP

Messrs. JAHANT & WEBER, City

AKRON, O, March 23, 1891

Gentlemen—The furnace purchased of you last October has been all you recommended it to be and we consider it a first class investment in every way, and can safely say it will pay for itself in fuel saving in two (2) seasons. I have said, should I ever leave Akron and not go too far away, I would have the Jahnant Furnace put in my house.
Yours respectfully,

M J HOYNES, 114 James St

Messrs. JAHANT & WEBER, Akron O

AKRON, O, March 22nd, 1892

Dear Sirs—I have had occasion this winter to give your Jahnant Hot Blast Furnace which you placed in my house last August a thorough test and respectfully recommend it to be a first class furnace in every respect.

FRANK M WHITNER, 118 Beck Avenue

Gents—The Jahnant Hot Blast Furnace I had put in my place about a year ago has given the best of satisfaction. Have kept my eight room dwelling, besides store room 18x10 comfortably warm with less coal and less labor and dust than with stoves. Can recommend it to anyone wishing to get a furnace.
Respectfully yours,

J A ROHNER

-15-
MESSRS. JAHANT & WEBER, City

AKRON, O March 23, 1891

Gentlemen—In reference to the Jahant Hot Blast Furnace placed in my house last fall I take great pleasure in saying that we have been entirely satisfied with its workings, in every possible respect. We have found no trouble in warming all the rooms in our house uniformly, when the registers are all turned on, and we find the furnace to be a very quick heater, economical and easily managed. If I were going to purchase another I would get the same kind. With best wishes for your success, etc., I remain,

Yours truly,

S K ZWISLER, 115 Wooster Ave

MESSRS. JAHANT & WEBER

AKRON, O March 22, 1892

In reply to your note enquiring how we liked the No 25 furnace you put in our house would say that after using it through the winter it has proved entirely satisfactory. It is easily operated and very economical in fuel as we have heated our house of eight rooms and run the cook stove on one and one half ton of coal per month. No signs of gas or smoke. We take pleasure in recommending it and would say to any one in want of comfort to put in the "Jahant Furnace" as they will certainly get value for their money Respectfully,

R F HUMISTON, 158 Crosby St

MESSRS. JAHANT & WEBER

AKRON, March 24, 1899

Gentlemen—The No 25 Jahant Hot Blast Furnace you put into my house last fall has given me plenty of heat during the past winter which was an exceptionally cold one. In my opinion of The Jahant Hot Blast, will say its a perfect gem. I take pleasure in heartily endorsing it as a first-class, economical and clean heater, as well as to commend in the highest terms your method of business and square dealing with your patrons. With kindest regards and best wishes for your success,

I am respectfully yours,

W H WHITE

AKRON, O March 22, 1892

Sir—Your furnace No 25 that you put in my house November last has done its work satisfactorily. It has warmed six rooms, hall below and above, large conservatory filled with flowers, glass on three sides to the weather. It would warm in a more rooms without any trouble. I put in the bulk of my coal in September and October and have enough on hand to last April out. Burnt coal in an open grate one month, and run the cook stove all fall and winter out of the coal and my coal bill during all of this time is $5 10 (twenty six dollars and ten cents).

Yours respectfully,

F L DAFORT, 412 Locust St

MESSRS. JAHANT & WEBER, City

AKRON, O March 23d, 1892

Gentlemen—You ask for recommend in regard to furnace you put in my house last fall. I can cheerfully say as far as my experience goes with it I think there is no other furnace on the market, no smoke my walls are nearly as white as they were when finished and I have used 10 tons of coal in furnace and cook stove and have had 6 rooms warm night and day this winter. Furnace has never been out since started last fall. Any of my friends who are going to use a furnace I cheerfully recommend the Jahant and Weber if they get as good a one as I have

Very respectfully,

F A WALDECK

MISS JAHANT & WEBER, AKRON, O

AKRON, O March 24

Dear Sirs—It gives me pleasure to report to you the satisfaction and comfort we have had with the heater you placed in my house, in Greensburgh, Pa, last year. It worked admirably during the past winter, and we were at all times comfortable and it is more easily managed and regulated than any heater I have ever had and I take pleasure in recommending your heater to friends and others who may need a heater

Yours truly,

L W BOTT

— 15 —
Dear Sirs—I have given your Jahant Hot Blast Furnace No 35 a fair trial during the past winter and can say it has given perfect satisfaction. It has heated thoroughly my house of eight rooms, besides large hall up and down stairs and bathroom. I also find it clean and economical, having bought ten tons soft coal Dec. 1st. Besides keeping my furnace going constantly I have had kitchen range since date mentioned and can safely say I have from one and a half to two tons coal yet. Can cheerfully recommend it to all. Wishing you success, I am yours etc.

LOUIS A. ENOPLER

Messrs. JAHANT & WEBER

AKRON, O. March 20, 1892

Gentlemen—The Jahant Hot Blast Furnace I purchased of you last fall has proved very satisfactory in every respect. I have heated my house with less coal than I did two rooms last winter with a heating stove. There is much less dirt from the furnace than from the stove and it is much more easily regulated, and I can recommend it to any one who wants a clean, economical furnace.

Yours respectfully,

S D. CUSHMAN

JAHANT & WEBER, AKRON O

NORTHFIELD, OHIO, March 23, 1892

Dear Sirs—Your Hot Blast Furnace No 35 that you put in my house last Oct has proved perfectly satisfactory. My house contains twelve good sized rooms and there has been no time this winter but what it would heat the house in grand shape. I have been burning $2 25 per ton coal and I think it will take ten tons to run the winter through. It leaves no dust or smoke in the house.

Very truly yours,

H H. WALLACE, Northfield, Ohio

Messrs. JAHANT & WEBER

MOGADORE, O. MARCH 26

Gentlemen—Last fall purchased one of your No 35 Hot Blast Furnaces. Commenced using it in December and can say that it has given splendid satisfaction. I have used lump nut and slack coal and the result in either case has been perfectly satisfactory. It being singularly free of any smoke or gas. During the cold spell in January (my residence being very much exposed) the thermometer showed at different times from 10 to 22 degrees below zero. We had no difficulty in maintaining a temperature of 70 over the entire house, and that without crowding the furnace in the least.

A W. HAIL, Mogadore, O

Messrs. JAHANT & WEBER

AKRON, O. March 22d, 1892

Gentlemen—In regard to your furnace, it is my opinion that you should change the name to Success, and it will be rightly named.

Respectfully yours,

Geo. F. KRATZ

Messrs. JAHANT & WEBER

LAKE, OHIO, March 23d, 1892

Allow me the plesaure of bearing testimony to the merits of the Jahant Hot Blast Furnace which I purchased of you last summer. It has given entire satisfaction. Our expectations have been fully realized. Though the winter has been one of unusual severity, our house has been uniformly warm and comfortable. While others in our neighborhood who used Hard Coal Furnaces had their house plants frozen and ruined, ours escaped unhurt. Flowers bloomed in our windows all winter. Indeed, the workings of your furnace have been eminently satisfactory. Its genial breath and blessing were distributed throughout our house, which is not small, making it cheerful and comfortable, amid the biting winds and driving snows of winter. The cost of running it the labor required—the results yielded—are, to us, well paying. We cheerfully recommend the Jahant to those who are desirous of procuring a first-class furnace. For courteous and very gentlemanly treatment accorded us, in our dealings with you, our sincere thanks are hereby recorded.

Yours,

S B. WASH Pastor Ref'd Church, Uniontown.
Messrs. JAHANT & WEBER  
AKRON, O., March 24, '92

Dear Sirs,—After having used one of your Hot Blast Furnaces the past winter, I find it as recommended, first class. I take pleasure in recommending it to my friends.

Respectfully yours,

GEO. W. HALE, 158 S Howard St.

LAIRANT & WEBER, AKRON O.  
MooN Run, PA., Mar. 23, '92

Gentlemen,—The No. 33 Hot Blast Furnace you put in our store Dec. last has done all you promised for it. Our store building is 40 ft. X 30—two stories—total height of about 20 ft. clear. Have had no trouble in keeping comfortable. We are surprised at the small amount of coal (soft) required. It is with pleasure that we send you this testimonial.

Very truly,

MOON RUN COAL CO.

R. & Doolittle

Messrs. JAHANT & WEBER, Akron, O.  
AKRON, O., March 25, '92

Having operated two of the Jahanr Hot Blast Furnaces the past winter located in the North Hill school building composed of six large rooms, can say they have given good satisfaction in every particular and could heat two more additional rooms. Can recommend them as the best furnaces in the market.

Respectfully,

B. DERHAMMER, Janitor

JAHANT & WEBER, Akron, O.  
BARKERON, O., Mar. 25-1892

Gentlemen,—I cannot speak anything but praise for the J. B. Furnace put up by you last Christmas. It fills the bill entirely in every particular but one. This is the opening in the reservoir for water is too small to suit me, as I use warm water for my poultry every day in extra cold weather and take it largely from the reservoir in the furnace, and I would like to have it a little larger to hold more and a larger opening to dip it out. As it is I use an oyster can with a self provided wooden handle. Locked to it, but it is rather unhandy. Would never wish to use stones again unless we could not get a furnace.

Respect, etc.,

A. D. BETZ

AKRON, O., March 25, '92

W. A. FOGER

Messrs. JAHANT & WEBER, Akron, O.  
AKRON, O., March 21, 1892

Gentlemen,—We have used your Jahanr Hot Blast Furnace, for one season, and are perfectly well satisfied with it. While our experience is limited to your furnace, we can cheerfully recommend it, and honestly say that in buying a Jahanr Hot Blast Furnace the buyer runs no risk, and is not testing an experiment.

Yours truly,

ART. IDA TOLLEY

Messrs. JAHANT & WEBER  
BARKERON, O., March 25, 1892

Gentlemen,—This is to certify that we are well pleased with furnace we bought of you last fall and we wish you abundant success.

Yours respectfully,

MOORE & ST. JOHN
Messrs. JAHANT & WEBER

DEAR SIR—I have had one of your furnaces in my house since about the 27th of April, 1891 and I can say for it without the least reserve that it has given satisfaction in every particular. We had no dust or smoke arising in our house from defective working nor the least odor of escaping gases. I have heated six rooms with the smallest size (13) Jahant Furnace and have had, apparently, at times sufficient heat for four more rooms. I have saved in my coal bills about one third (1/3) for the past fall and winter. I can and do cheerfully recommend the “Jahant Hot Blast Furnace” to all who desire to enjoy comfort, health and cleanliness in their homes.

Yours respectfully,

CHARLES WILLIAMS, 175 Wooster Ave.

JAMESTOWN, Pa., March 28th, 1892

Sirs—Writing for the committee and having the universal opinion of the congregation I am glad to state that your furnace gives entire satisfaction. We plastered the church during the coldest weather this winter without any anxiety, good draft, not much fuel and just what is needed in a church for heating purposes.

M MILLER, Pastor.

AKRON, O., March 25th, 1892

Your Hot Blast Furnace No. 25 has given us perfect satisfaction. It heated large rooms with 7 tons of slack. No dirt, no dust. We wouldn't be without one of Jahant & Weber's Hot Blast Furnace. Mr. GEO WYBELL, 225 May St., Akron, O.

JAHANT & WEBER

NORTHFIELD, O., March 25th, 1892

DEAR SIR,—We are well pleased with the working of your furnace. It is so simple in construction that a child can operate it, and yet does its work so admirably that we are enabled to heat our whole house perfectly at less expense for fuel than it formerly cost to partially heat two or three rooms with a base burner stove.

Truly yours,

LORIN BLISS.

Messrs. JAHANT & WEBER, City

DEAR SIR,—Having used one of your Jahant Hot Blast Furnaces the past winter we find it perfect in every respect, being very easy to run and requiring very little attention. Would heartily recommend it to any one contemplating heating with a furnace. I have kept my house of 10 rooms very comfortable throughout this winter.

Yours respectfully,

FRED W. CHANDLER.

AKRON, O., March 22, 1892

Your furnace has been a surprise to me in one respect. I had always understood that every furnace was more or less dirty. So far as I have failed to detect any smoke or ashes coming out of the registers although I have taken particular pains to find some such as laying a piece of white paper before the registers. Your furnace is also very simple so that anyone can regulate it.

Yours etc.,

P. R. MILLER.

AKRON, O., March 25th, 1892

The Jahant Hot Blast Furnace gives perfect satisfaction in every particular. Easy to run, uniform heat all over the house, free from dust and smoke, and economical. Since Oct 1st 1891 up to present date have used eight tons of soft coal.

CLEMENTINE M. PAYNE, 112 Byers Ave.

=19=
MESSRS. JAHANT & WEBER

AKRON, O., March 32, 1892
You put one of your furnaces in our house last fall and we can truthfully say it is just what you warranted it to be and we are perfectly satisfied with it. We would not do without it any more
Yours respectfully,
SIMON ABLER, 947 South Main St

MESSRS. JAHANT & WEBER

AKRON, O., March 22, 1892.

Dear Sir—Your furnace has given good satisfaction. I have burnt 7 tons of soft coal since the first of October and have kept my house from 70 to 70 degrees. I took a great deal of pains to look the furnace field over and find a good furnace and I think yours file the bill. Very truly yours,
J. W. PHELPS

MESSRS. JAHANT & WEBER

AKRON, O., April 14, 1892

Dear Sir—I am very much pleased to be able to say that myself and family are satisfied with the furnace you put in our house last fall. It has come up with all the agreements, both in heating and saving of fuel.
Respectfully,
JOHN DANDRIDGE, 113 Rockwell St

MESSRS. JAHANT & WEBER, AKRON, O

AKRON, O, April 7, 1892

Gentlemen—In response to your inquiry allow me to say that I have used at my residence one of your Jahant Hot Blast Furnaces the past winter which has proven a success in every way. It is economical in fuel, easy to take care of. The heat arising from the unit is very pleasant, and of dryness usually accompanying the heat from a hot air furnace, it is very clean. I cheerfully recommend it to all.
Yours,
PROF CLAUS WOLFRAM

MESSRS. JAHANT & WEBER

AKRON, O., April 14, 1892

Gentlemen, I desire to state that I have used one of your Hot Air Furnaces (No. 35) during the last winter and am more than satisfied with its workings. No trouble to heat a ten room house. Fast to operate, clean and economical. Will burn all kinds of fuel. In fact it is The Furnace for heating purposes and to any parties who may desire to purchase a furnace I can cheerfully recommend to them the Jahant & Weber Hot Blast. Wishing you success
I am yours etc,
A W LOGAN, 550 Buchtel Ave., Akron, O

JAHANT & WEBER, MANUFACTURERS

AKRON, O., April 5, 1892

Gentlemen—I desire to state that I have used one of your Hot Air Furnaces (No. 35) during the last winter and am more than satisfied with its working. No trouble to heat a ten room house, fast to operate, clean and economical. Will burn all kinds of fuel. In fact it is the Furnace for heating purposes and to any parties who may desire to purchase a furnace I can cheerfully recommend to them the Jahant & Weber Hot Blast. Wishing you success
I am yours etc.
A W LOGAN, 550 Buchtel Ave., Akron, O

ASHLAND, O., April 5, 1892

It affords me great pleasure to recommend your furnaces in the very highest terms. The two furnaces I bought of you last fall have given complete satisfaction in every respect and parties are highly pleased with them, and I think we can sell a number this fall
Respectfully,
T H AMBROSE

TO THE JAHANT FURNACE CO

ASHLAND, O., March 28, 1892

Dear Sirs—The furnace you put in for me last fall has proved satisfactory in every respect. It is easily managed, economical, and gives an abundance of heat. From my experience with it for a single winter I can recommend it heartily
Very truly yours,
G J LOUCKS

—20—
ABILAND, O., March 29, 1892

Gents—The Jahn's Hot Blast Furnace bought of your agent has given splendid satisfaction plenty of heat, no gas, and small expense to operate. We heat six rooms and fire is never out. Cost about $20.00 this winter and averages about one bucketful of ashes per week.

Respectfully,

W. M. McCLELLAN

JAHANT & WEBER

Supple, O., April 6, 1891

Replying to your letter of inquiry with regard to the No. 43 Jahn's Hot Blast Furnace purchased of last fall will say that it has given perfect satisfaction in every respect. My house is larger than generally found in the country containing ten large rooms and several small rooms and closets. We have eleven registers. Can heat the whole house in the coldest weather, easy, used lumps coal and wood at first. The 14th of January I commenced to use slack, three dollars worth of slack lasted just two months, heating the whole house as the painters were to work during this time I would recommend slack as the cheapest fuel, and would say to those who think of buying a furnace to try the Jahn's & Weber, as you will not have to repaper your house after using it one winter as they do with some of the tubular furnaces.

Yours respectfully,

HENRY AGNE

Messrs. JAHANT & WEBER, City

AKRON, O., April 11, 1892

Dear Sirs—The No. 25 Hot Blast Furnace you put in my house last fall has given the best of satisfaction, it heats the house with six rooms and burned less coal than I had been burning in heating the house before, and it is free from smoke and soot.

Yours,

JOE KEMPF, Foreman

Messrs. JAHANT & WEBER, City

GREENBURG, Pa., March 18, 1891

Gentlemen—The Jahn's Hot Blast Furnace you put in my house is giving excellent satisfaction and I am well pleased with it.

Yours truly,

MORRIS L. PAINTER

Messrs. JAHANT & WEBER, City

BARREVILLE, O., April 7, 1891

Gentlemen—It gives me great pleasure to be able to testify that I am entirely satisfied with the Hot Blast Furnace you put in my church last fall. The furnace is thoroughly American, it is easy to operate, it has a quiet fire and solid comfort on cold days. The whole work is very satisfactory in every respect.

Yours truly,

JOHN P. KENNERT, Pastor

AKRON, O., April 20, 1891

Willer Freund—The Furnace ist zu wollen zufriedenheit.

GOTTLIEB MEIZGER, 460 West Thornton St

Your furnace proves to us to be as you said all right

W. M. BEARDSLEY

The "Jahant" Hot Blast Furnace.

Patented November 25, 1890.

A Air Inlet, B Chamber in which air is heated, C Air Pipe in hot air chamber, D Air Pipe in combustion chamber, E Check, F Dust Damper, G Shaker

Manufactured (in five sizes) by

JAHANT & WEBER,
166 South Howard Street, AKRON, OHIO
TO THE PUBLIC.

We invite special and careful attention to our Jahant Hot Blast Furnace, with Steel Radiator, of which we make five sizes, suitable for heating Dwellings, Halls, Churches, Business Rooms, Hotels and School Houses.

Having been engaged in the Furnace business for years, and having tested it thoroughly with the various kinds of fuel of our country, in every description of building, and its being made of good material, by skilled workmen under our personal supervision, we are well prepared to supply the increasing demand for a First-class, Durable, Simple, Economical and Healthful Furnace.

The universal satisfaction it gives, the perfection, simplicity and common sense plan of its construction, the purity and large amount of air heated, its very large radiating surface and great heating power, and the control of combustion and economy of fuel, make it, in the opinion of those using it, as well as in our own Superior to other Warm Air Furnaces.

Covered by Letters Patent of November 25, 1890

The new form of Combustion in Furnaces invented by Mr. Jahant has for its especial character the supply of Hot Air above instead of cold air from below the fire. The inventor was led to test this method of supporting the combustion in the hope of obtaining better control than was possible in furnaces. In furnaces of the ordinary construction, the air is drawn through the grate underneath the fuel and passes up through the burning mass where its oxygen is given to the coal. The current through the fire therefore depends for its strength upon the intensity of combustion.
The mechanism employed to obtain a thorough combustion in The
Jahant Hot Blast Furnace is an inlet pipe leading into a box set in the
hot air chamber in front of the furnace from which two smoke proof
combustion pipes lead into the furnace. The opening of these are sit-
uated just above the top of the fire pot and they deliver the Hot Air
downward at an angle of 45 degrees. The air is thus warmed before it
reaches the fuel and the chilling effect of a cold blast is entirely
obviated. The air issuing from these combustion pipes though
warmed is yet much cooler, and consequently heavier than that in the
furnace itself. It therefore sinks through the latter and falls upon the
top of the coal. There is accordingly a down draft about the middle
and an up draft round the circumference. The consumption of fuel is
unusually perfect, no cinders remaining among the ashes. The great
advantage claimed by the inventor for the new form of furnace is the
absolute control over the combustion which is obtained by the Hot Blast
overdraft. The air let in through the combustion pipe comes into direct
contact with the fuel unhindered by the accumulation of ashes on the grate.
A very small amount is sufficient to keep the fire alive, and a furnace of this
construction can therefore be left to itself for a longer time than is possible
when the draft ascends through grate that is being every moment more and more
clogged with ashes and clinkers.

Though especially adapted to the consumption of soft coal, yet it is
quite as well capable as most forms of furnaces of being used with
anthracite. The former kind of fuel is, however, that with which
difficulty is most frequently experienced.

Experiments have fully confirmed all that has been asserted regard-
ing the new furnace. It may be left to itself for days together,
except in very cold weather, save for the purpose of putting on fuel
which is not needed as frequently as other kinds of furnaces, owing
to the better control of the fire. The ashes may be left for weeks, as
their accumulation has no injurious effect on the fire, but acts rather
the other way until the fire pot becomes full.

NEW THROUGH ROUTE

THE

Pittsburgh and Western Railroad

Commencing Sunday, August 9th, 1891, the Chicago and Pittsburgh Express trains will run through solid, using the B & O.‘s new line between Akron, O, and Chicago Junction.

On the Winter Schedule, taking effect early in November, the B & O’s Vestibule Limited Trains between New York and Chicago will be run through Pittsburgh and Akron, thus affording the finest service in the world between Akron, Chicago, Pittsburgh, Washington, Baltimore, Philadelphia and New York.

THROUGH TICKETS

At the lowest prevailing rates are on sale at Union Depot Ticket Office, Akron, via this route to

PRINCIPAL CITIES EAST AND WEST.

The Only Line running Solid Trains to Pittsburgh.

The extensive terminal facilities enjoyed by this Company in the cities of Pittsburgh and Allegheny, and its track connections with all the large mills and manufactories in the Mahoning and Shenango Valleys insure the prompt handling of all classes of freight at a minimum cost and with the greatest possible dispatch. For further information call on or address:

138-142 N. Main St., AKRON, O.
Rubber Hose and Belting.

GEM NOZZLES.

Elevator Bolt.

PULLEY.

Elevator Bucket.

Hose Reels.

TALCOTT'S BELT FASTENER.

Round Steel Belt Couplings.

Talcott's Belt Fastener.

PATENTED BELT HOOKS.

BLAKE'S BELT STUDS.

The single row of teeth being unequally bevelled clinch automatically as they enter the belt. The double row of teeth are straight and not long enough to clinch. They hold in the belt by the wedging of the teeth and the curved shape of the plate. As these teeth do not clinch the belt can be removed, shortened, and, replaced at will.

The American Cereal Co.

F. Schumacher, Pres.
ADVERTISING SIGNS, STREAMERS, CAR SIGNS, CAMPAIGN BANNERS, Etc.

"The "sign" of Jonah was one of old,"
No "signs" like ours could then be sold,
Nor could the Prophets then foretell
The "signs" which people now know well;
If you would then your business boost,
On house and barn and chicken roost
Put up a sign, that you're alive,
You'll be surprised how he'll thrive.

Tack on "Globe Signs" on every car,
Proclaiming thru to worlds afar
Around the earth in thunder tone,
From Turrid unto Frigid zone,
That you are on this earth to stay
Until some very distant day,
And when at last you're called to rest,
The "sign" will show you did your best

THE GLOBE SIGN COMPANY, Akron, Ohio.

EVERY POLICY Absolutely Non-Forfeitable.

R. E. FERGUSON INSURANCE, Paige Block.
Cuyahoga Falls.

The most picturesquely located spot in Summit county, possessing more natural advantages for the manufacturer, and more points of interest for the tourist and pleasure seeker, than any other point in the State, is located on the C, A & C and P & W Rs, 4½ miles from Akron, and eight miles from Hudson. It is quite an important station upon both roads, and is easily accessible from all points. It is the second place in size and population in the county. The Cuyahoga River, from which the village takes its name, furnishes almost unlimited power for manufacturing purposes, which is here fully taken advantage of.

Village Officials.

Mayor, Samuel Higgs, Clerk, H E Willems, Solicitor, Orlando Wilcox, Marshal, J H Williams Members of Council, D J Thomas, Dr J D Dodge, Jacob Senn, C P Richardson, Wm Weaver, D F Fieldly Constables, Wm Tiff, Ira B Goldwood Board of Health, S Higgs, pres, J D Dodge, health officer, J H Williams, sanitary police.

Churches and Schools.

Catholic, Rev F Dougherty, Disciples, no pastor, First Congregational, Rev D M Leibis, pastor, Methodist Episcopal, Rev J W Robins, pastor, St John's Episcopal, no pastor.

The schools are under the supervision of trustees as follows: Samuel Higgs, pres, R J Rodd, McConnel Moore, C A Davis, C F Inskeep, A C Fargo, McConnel Moore, clerk, F Schnee, supt.
