Facts About Directory Advertising

It Is the Only Advertising that is not hit or miss from the fact that it can always be found when wanted.

It Is the Only Advertising medium that has no competition and is used by practically the whole community and is not used for kindling purposes a short time after issued—nor is it read once and thrown away.

It Is the Only Advertising which is on the job 365 days a year and in many establishments 24 hours a day.

It Is the Only Advertising medium where you can advertise your goods with absolute certainty that the public can find the information when desired.

It Is the Only Advertising medium where you will look and expect to find what you want when you want it.

It Is the Only Advertising medium that represents every business house in the City and to omit your sign therefrom is like neglecting to place your sign in front of your place of business.

There Is no Advertising to Compare With Cost and Service Considered.

A WONDERFUL NEW TIRE

For years we have built good tires. Amazon users have considered them the best tires made. But we were not satisfied.

Careful laboratory tests were made. The country's leading rubber engineers were consulted. Thousands of dollars were spent in developing a new and greater tire.

For more than a year these new tires have been given the harshest road tests used in jury service on speed wagons over the worst roads in the country. AND THEY HAVE IN EVERY WAY COME UP TO OUR HIGHEST EXPECTATIONS.

They Keep All Promises.

A Heaping Measure of Miles

A tire is a package of service miles. It contains no standard number. Not even an expert can tell by examining the outside how many miles there are inside. Secrets, strange-sounding materials and methods actually play small parts in determining the number. It's a question of materials, workmanship and sincerity of purpose on the part of the manufacturer.

So it pays to know the principles your tire manufacturer stands for.

The policy of the Mohawk Rubber Company since its inception seven years ago has been to invariably give its customers a HEAPING MEASURE OF MILES.

Surprising Excess Mileage

Mohawk Quality Tires have won the remarkable reputation for high mileage that they today have throughout the country not because they give guaranteed mileage most tires do that but because of the surprising excess mileage.

This excess mileage has been the result of the sincere effort which we have held to from the outset to not alone give our customers mileage that will satisfy them but to give them a mileage that will surprise them. In short, to give them the greatest possible value that a combination of the finest materials in the world, the most expert workmanship and our unusual knowledge and experience in the tire business can produce.

Mohawk Quality Tires are Made in Good and Fabulous Types and in a Full Line of Truck Sizes.

The Real Meaning of "Best in the Long Run"

BEST IN THE LONG RUN is a slogan that is almost as old as the history of tires. It grew out of the performance of Goodrich Tires on bicycles and it grew into the dependability of Goodrich rubber products of all kinds.

It is not just a catch phrase. It is a plain statement of fact.

It is really a mirroring of the confidence placed in Goodrich products by their users. In five words it crystallizes the ideals the policies the principles of Goodrich.

It means the long run of good faith and good will—the steady building up of a confidence in the minds of the users which is the greatest asset a manufacturer can have.

That is how Goodrich translates this slogan into terms of longest average wear, utmost dependability and known quality, in all kinds of rubber products.

Akron and Summit County During the Last Decade

The Federal Census figures for Akron, Summit County and Summit County communities issued early in the year, showed that the highest estimates of the size of the communities was too small and that the growth of the city and county during the past ten years was larger than was predicted.

Akron's population, according to the U S census, is 208,435, an increase of 201.8 per cent over the 1910 population of 60,067. This places Akron as the thirty-second city in the United States on a population basis, and the fifth city in the state of Ohio.

Its population growth during the past ten years has been greater than any city over 100,000 in the United States.

Summit County has a population of 286,065 which shows an increase of 164.3 per cent over the 1910 population of 108,253 and is the only county in the state which has four communities of 10,000 population.

Barberton, Cuyahoga Falls and Kenmore also showed phenomenal increases in population during the past decade.

Barberton now has a population of 18,811 inhabitants, which is an increase of 199.9 per cent over the population in 1910.

Cuyahoga Falls increased 153.7 per cent so that its present population is given by the Census Bureau as 10,200.

Kenmore showed the most phenomenal growth in the country, leaping from a village in 1910 to a population of 12,683, an increase of 712.5 per cent in the ten years.

Ohio is now the only state which has five cities over 200,000, and it is equalled only by Massachusetts in having seven cities over 100,000.

The area of Akron during the decade has increased from 11.48 square miles to 23.8 square miles.

Post office receipts in 1910 amounted to $315,422 while during the first 10 months of the present year, they aggregated $989,294.

Bank clearings in 1910 were $48,600,000, as compared with $494,462,000 cleared through Akron banks during the first 10 months of this year.

In 1911, 1,865 building permits calling for $3,654,696 worth of building, were taken out in the city, while during the first ten months of this year, 394 permits calling for an investment of $19,958,049 were issued.

In 1910, $393,861 was expended for education in the public schools. This year the Board of Education will expend very nearly $3,000,000.

These figures for the past ten months indicate that the business depression which was general throughout the country this year did not come to Akron in time to seriously affect the annual figures on business and commerce.—We are indebted to Mr. Vincent S Stevens, Secretary Akron Chamber of Commerce, for the foregoing facts and figures.

Owing to the rapid growth and increased number of names, we have used smaller type and the ditto system in family names in this issue. This is done to reduce the size of the Directory and enable us to make the binding stronger and to facilitate its use generally. Since the Federal Census has announced Akron's present population, we will not venture into the matter, except to say this issue (Akron alphabetical list) contains actual count, 117,262 individual names, an increase of 21,618 over the 1919 edition.

Respectfully,

THE BURCH DIRECTORY CO

POSTAGE RATES

Domestic Matter—First class, letters and all written or sealed matter two cents per ounce or fraction thereof. Postal cards one cent. Second class, entered newspapers and magazines, one cent for four ounces or fraction thereof. Third-class, books, photographs, and printed matter generally, one cent for each two ounces or fraction thereof. Parcel Post includes books and all merchandise with rates according to zone. All Parcel Post matter should be brought to Postoffice or Stations.

Registry Fee—Ten (10) cents.

To ensure proper rating of doubtful mail matter, it should be brought to the Postoffice.

Foreign Rates—Postal Union Countries only. Letters and all sealed matter, five cents for first ounce or fraction thereof, and three cents for each additional ounce (except in England, Ireland, Scotland and Wales, and Germany [if by boat direct] where the rate is two cents same as domestic). Newspapers, periodicals, and photographs, unsealed, one cent for each two ounces or fraction thereof.

Advising your correspondents of your street address, and request that they so direct your mail. This insures prompt delivery and prevents mistakes.

By placing your name and address on the upper left-hand corner of the envelope you will receive the letter back if it is not delivered.

Report all irregularities in the handling of your mail to the Postoffice.

Postoffice open for dispatch of mail day and night.

Akron’s Great Tire

The Talk of the Tire Town

Everybody in Akron knows General Tires. They know that what you get out of them has crowned them—Akron's great tire.

Taxi drivers there will tell you how many miles their General Cords have made—show them to you—brag about them. And almost everybody who isn’t under obligation to some other tire factory uses General Tires—because they know the men who make them, the materials that go into them and the miles that you can get out of them.

Buy the Tire that’s the Talk of the Tire Town

Get a General today—and let it roll alongside of any other tire in the world. It will repay you in extra mileage—longer service—more satisfaction.

Pasteurizing Has a Meaning

IT INSURES THE HEALTHFULNESS OF YOUR MILK AND UNLESS PROPERLY DONE IS VALUELESS.

This daily recording thermometer record shows the time and temperature at which our milk was pasteurized. It insures you that the milk is PASTEURIZED, that is, HEATED TO 140 DEGREES AND HELD 30 MINUTES.

WITH THE

Bessler Movable Stairway

MADE IN AKRON

Eliminate that garret stairway and put that upper hall space into use. It can easily be done, with a saving in lumber and labor, by installing a Bessler. Simplicity itself to operate and install, neat in appearance and strongly built. A practical and satisfactory modern space-saver. You will be interested in our catalog and price list. Write today for them.

Takes up no space in floor below
Costs less than a stationary stairway
So simple and easy that a child can operate it
Never in the way when not in use
Folds up into the ceiling

CHEERS

Cheer up. Time to take a break and enjoy some good vibes. Cheers!

Cherubim, the Angel of Peace, guards the gate of the heavenly city. Cheers to peace and tranquility.

Cherries, a sweet and healthy treat, symbolize joy and happiness. Cheers to a day filled with cheer.

Cherry, the fruit of the cherry tree, brings us joy and sweetness. Cheers to cherries and all they represent.

Cherubim, the angels of God, bring us messages of peace and love. Cheers to cherubs and their divine messages.

Cherubim, the guardians of the heavenly gates, bring us peace and serenity. Cheers to cherubs and their watchful presence.

Cherry, the vibrant red color of the cherry, symbolizes love and affection. Cheers to cherries and their sweet allure.

Cherubim, the angels of divine love, bring us messages of love and compassion. Cheers to cherubs and their loving presence.

Cherry, the fruit of the cherry tree, brings us joy and sweetness. Cheers to cherries and all they represent.

Cherubim, the angels of God, guard the gates of heaven. Cheers to cherubs and their divine watchfulness.

Cherry, the fruit of the cherry tree, symbolizes love and affection. Cheers to cherries and their sweet nature.

A Manufacturer, removing his plant from an Eastern city to the Akron industrial field, told us that he required immediate service in three essentials

FIRST The printing of business stationery, including letterheads, envelopes and calling cards

SECOND The preparation and printing of copy for his prospective customers

THIRD The composing, typing and addressing of several hundred letters to be sent to clients

Within 24 hours THE CITY PRINT SHOP organization had written the copy for his prospective customers, letters from data supplied by the manufacturer, had submitted proofs, printed the stationery, typed and addressed the letters on their own Hooven Automatic machines and was pleased to hear the customer say “This IS SERVICE”

Our new plant in Mill Street, opposite the Colonial Theatre, is equipped to print everything from a card to a book. Our Publicity Department assists the customer in the writing of his letters and copy. Our Art Department, without charge, submits original designs for letterheads, trademarks and monograms. Our Typewriting and Multi-graphing Department supplies that individuality and neatness of finished work which every business desires

We shall be glad to have the opportunity to serve you

That's what you're doing with your time. Are you really that busy, or do you just like to think you are? What ever happened to spending time with your family? What about your hobbies? Don't let the pressure of work and life get in the way of enjoying the things that bring you joy. Remember, time is a precious resource. Don't waste it on things that don't matter.

MANUFACTURER OF
Acid-Proof Chemical Stoneware,
Acid Brick, Special Ware and Pipe
Office and Factory: Kelly Avenue
EAST AKRON, OHIO

Bell Phone Main 1987
Ohio State Phone 2591

We make every description of Acid-Proof Chemical Stoneware
Standard or Special

Our clay and method of manufacture is NOT the same as used by others in our district

THIS TRADE MARK stamped into the body of chemical stoneware means: that it is guaranteed acid-proof through the entire body, tough and durable and not brittle or fragile like common ware,—that it is free from checks, blisters or other defects and does not leak or sweat and must be perfectly satisfactory to you.

Our Ware is Not Dependent Upon A Glaze, Enamel or Veneer

IT IS THE BODY ITSELF

Withstands the action of Acids, Alkalis and Chemicals, strong or weak, hot or cold.

The Brightest Sunshine.

Could not make Clothes whiter, cleaner or sweeter than those washed by our patented

**ELECTRIC PROCESS**

without the use of Chloride of Lime or other ruinous bleaches.

The water in which the clothes are washed is charged with an electric current, thus supplying the very elements used by nature when you hang your clothes in the outdoor sunshine.

**THE NATIONAL LAUNDRY AND CLEANING COMPANY**

Is the only Laundry in Summit County using this remarkable process, enabling it to positively guarantee sterilization, deodorization, colors not to run or fade, and the life of the linen to be greatly prolonged.

Call at the plants and let us demonstrate the merits of this wonderful fabric-saving discovery to you personally or if this is not convenient, phone

**BELL MAIN 2865**

**OHIO STATE 1414**

and we will see that one of our representatives calls and explains its merits to you.

The image contains a partial listing from a directory, possibly from a pharmacy or retail store in Akron, Ohio. The text is partially obscured or cut-off, making it difficult to read comprehensively. However, the visible parts show entries for various businesses and their contact information. The text is too fragmented to be transcribed accurately into a coherent document. It appears to be a directory page listing names, locations, and possibly phone numbers for businesses in the area.

If only he knew where to look.

Lots of folks hunt the hard way for information that is right at hand if they knew where to look.

They buy with a haphazard knowledge of those whomsell they
gives false addresses, they waste postage and mispell names;
* * * all of which might be avoided by learning how to use the
scientific compilation of information in the City Directory.
