THE BURCH DIRECTORY COMPANY
AKRON, OHIO
Established 1868
Akron is the Rubber Capital of the World. It is the hub of the globe-girdling rubber empires and their vast networks of retail outlets.

Akron-made products are to be found wherever wheels turn. Aside from thousands of rubber products, Akron area plants turn out matches, automobile rims, clay products, plastics, salt, dies, molds, batteries and chemicals.

Akron, with 50 motor freight terminals, is the center of the trucking industry. Here is the world's largest fishing tackle factory, the site of the All-American Soap Box Derby and the home of the dirigible and blimp.

The Akron Chamber of Commerce is guiding Akron's progress.

This section of the Directory contains the Advertisements and Professional cards of the more progressive business men, classified according to their respective line of business or profession. In brief, they are the men who are making business and history for Akron. Patronize them and you will be sure of a square deal.

We have on file in our Directory Library every issue of the Akron City Directory, beginning with the 1868 edition, down to the current issue. These volumes contain a wealth of information concerning the people who were listed in the Directory during the past 82 years. Persons listed in the earlier Directories are now only memories, but their listings in the Directory remain the same as when they were here in person. These rare volumes, as well as hundreds of current Directories of other cities, are available for public reference, without cost,—just a part of our service.

THE BURCH DIRECTORY CO.,
The City Directory

is the most effective and economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The Classified Lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want, when you want it.

THE BURCH DIRECTORY CO.
KNIGHT-WARE CHEMICAL STONEWARE MFRS

KNIGHT-WARE PIPE AND FITTINGS

This quality chemical stoneware is not just surface resistant but is physically tough and corrosion proof throughout its entire body. It resists all acids and alkalies, hot or cold in any concentration.*

Knight-Ware Pipe is available in a variety of standard fittings and can be installed by any competent plumber. Where special sizes are needed, they can be made at relatively low cost because no expensive molds are required.

Send for Bulletin No. 5 W

*Excepting HI and hot caustics

KNIGHT-WARE LABORATORY EQUIPMENT

Knight-Ware Laboratory Equipment has all the properties of Knight-Ware Pipe as given above. It is available in a wide range of standard and special designs including:

Sinks
Table Troughs
Acid Lines
Fume Ducts
Tanks
Kettles
Sumps
Suction Filters
Jars
Towers
Valves
Berl Saddles

EVERY STORE

should be in the Directory and the Directory in every store.
Besides its use to the keeper of the store, it is a convenience customers look for.
The store that offers an old, or no city directory, does not show its patrons a courtesy they will find elsewhere.

ADVERTISE IN YOUR DIRECTORY....
When You Want to Know:

— where a person lives.
— what his occupation is.
— who lives at a certain number on a street.
— where a street is located.
— the correct spelling of a name.
— the officers of a corporation.
— the partners in a firm.
— the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.
Thus assuring patrons the ultimate service that skill and care can produce in the way of City Directories, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association in 1898, and strictly adhered to since that date, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the Directory.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found and the Directory be made to serve its fullest use as a business and social reference and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

The text in the image appears to be a directory page from the Akron Beacon Journal. It includes classified ads, business listings, and advertisements. Without the ability to transcribe the full text accurately due to the format and quality of the image, it's challenging to provide a comprehensive plain text representation. However, it contains various sections such as classified advertising, directory listings, and possibly legal notices or real estate advertisements. The page is likely part of a larger publication that would typically include detailed addresses, phone numbers, and descriptions of businesses and services.
