**The Sign Over Your Door**

Is a good thing, isn't it? You would not think of doing business without it.

*But it is only seen by those who pass your way.*

If you could put a sign where everyone could see it would it interest you?

**THE CITY DIRECTORY**

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out
The City Directory

Represents Conditions Today—History Tomorrow

The men who direct the affairs of the city and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the world as no other publication does or can do.

It is the logical means of publicity in advertising the city, its industrial, commercial and social advantages.

Patronize the City Directory and you automatically boost your own business.

The sign over your door is a mighty good investment, but just consider how much "mightier" investment the Directory offers you.

THINK IT OVER!

AKRON, OHIO
Established 1868
Akron is the Rubber Capital of the World. It is the hub of the globe-girdling rubber empires and their vast networks of retail outlets.

Akron-made products are to be found wherever wheels turn. Aside from thousands of rubber products, Akron area plants turn out matches, automobile rims, clay products, plastics, salt, dies, molds, batteries and chemicals.

Akron, with 50 motor freight terminals, is the center of the trucking industry. Here is the world’s largest fishing tackle factory, the site of the All-American Soap Box Derby and the home of the dirigible and blimp.

The Akron Chamber of Commerce is guiding Akron’s progress.

ADVERTISING DEPARTMENT
AND
BUYERS’ GUIDE
OF THE
AKRON CITY DIRECTORY
1958-1959

This section of the Directory contains the Advertisements and Professional cards of the more progressive business men, classified according to their respective line of business or profession. In brief, they are the men who are making business and history for Akron. Patronize them and you will be sure of a square deal.

We have on file in our Directory Library every issue of the Akron City Directory, beginning with the 1868 edition, down to the current issue. These volumes contain a wealth of information concerning the people who were listed in the Directory during the past 82 years. Persons listed in the earlier Directories are now only memories, but their listings in the Directory remain the same as when they were here in person.

These rare volumes, as well as hundreds of current Directories of other cities, are available for public reference, without cost,—just a part of our service.

THE BURCH DIRECTORY CO.
That which makes any advertiser’s approval worth while is the prominence he has attained in his particular line of work.

The advertisers in the Directory are competent judges on the subject of advertising mediums — the fact that they approve of Directory advertising is evidenced by their continued patronage.
KNIGHT-WARE CHEMICAL STONEWARE MFRS.

**KNIGHT-WARE PIPE AND FITTINGS**

This quality chemical stoneware is not just surface resistant but is physically tough and corrosion proof throughout its entire body. It resists all acids and alkalies, hot or cold in any concentration.*

Knight-Ware Pipe is available in a variety of standard fittings and can be installed by any competent plumber. Where special sizes are needed, they can be made at relatively low cost because no expensive molds are required. **Send for Bulletin No. 5 W**

*Excepting HF and hot caustics

**KNIGHT-WARE LABORATORY EQUIPMENT**

Knight-Ware Laboratory Equipment has all the properties of Knight-Ware Pipe as given above. It is available in a wide range of standard and special designs including:

- Sinks
- Table Troughs
- Acid Lines
- Fume Ducts
- Tanks
- Kettles
- Sumps
- Suction Filters
- Jars
- Towers
- Valves
- Bowl Saddles

**PYROFLEX CONSTRUCTIONS**

The term Pyroflex Construction refers to complete functional units designed by Knight engineers which are built to handle almost any type of corrosive service. Besides Pyroflex, which is a Knight developed thermoplastic sheet lining, these units may incorporate ceramics, carbon, glass, graphite, plastics, lead or any other material best suited to the individual situation. Knight will design and build complete units or line large equipment in your plant. **Send for Bulletin No. 2 W**

EVERY STORE
should be in the Directory and the Directory in every store.
Besides its use to the keeper of the store, it is a convenience customers look for.
The store that offers an old, or no city directory, does not show its patrons a courtesy they will find elsewhere.

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established ... be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.
