FOREWORD

This selective index of Ohio news and opinion, compiled from the Home Edition of the Akron Beacon Journal, is intended as a key or guide and not as a digest or summary. However, the information given will often be found adequately without reference to the newspaper or to the microfilm copy.

Since the New York Times Index covers national and foreign news, such material has been omitted from this index. Other omissions are as follows:

Advertisements
Announcements of routine meetings of social, fraternal, and minor political organizations; announcements pertaining to sports events.

Commercial and promotional publicity on topics such as real estate, resorts, and automobiles.

Features or columns dealing with trivia, recapitulations of news, or non-news educational topics.

Lists which appear regularly such as vital statistics, incorporations, radio programs, time tables, theater schedules, stock and bond quotations, and prices.

Non-news items relating to material such as recipes, menus, household hints, budgets, care of pets, care of babies, personal adornment, patterns, fashions, advice to the lover, gardening, games, and hobbies.
