FOREWORD

The Newspaper Index Project is sponsored by the Ohio State Archaeological and Historical Society. The Akron Beacon Journal Index is co-sponsored by the Akron Public Library and the City of Akron.

Acknowledgments are due to the Akron Beacon Journal, the Akron Public Library, and the Ohio State Archaeological and Historical Society for supplying the necessary newspaper files. The Akron Beacon Journal has also contributed importantly in the matter of office space and equipment. The Ohio State Archaeological and Historical Society has supplied valuable technical aid since the inception of the Project.

HOW TO USE THE AGRON BEACON JOURNAL INDEX

Index entries are arranged alphabetically under subjects and proper names. In most instances material has been filed under specific rather than under general headings. Examples: Baseball news is under BASEBALL and not under SPORTS; news concerning the New York Central Railroad is under that name and not under RAILROADS or TRANSPORTATION. With few exceptions, names of organizations appear under the key word of the name. Examples: NEGRO WOMEN'S CLUBS IN OHIO; ASSN OF SOCIAL WORK; N.A.T.L. CONF OF; LABOR, OHIO AFL CU. Exceptions: chambers of commerce, companies, and some well-established names. Whenever necessary, headings are subdivided by geographical and topical subheads. Examples: FRANCE - Politics and Government; SCHOOLS - Ohio - Textbooks.

The proper name or subject heading is followed by a brief descriptive sub-entry and by a reference line. The following arrangement of sub-entries under headings is generally observed: Unrelated sub-entries are paragraphed singly in chronological order. In the case of related sub-entries continuity is maintained by arranging the items chronologically within the same paragraph. In a few other instances, where material is entered only under general headings (e.g., BOOKS, MOTION PICTURES, BIRTHS, DEATHS, MARRIAGES), the sub-entries are arranged alphabetically.

The reference line indicates date, page, and column. Example: 111, 9:2; meaning November 1, page 9, column 2.

When the location of an event is not expressly designated or otherwise indicated under subject, the place of action is local.

SHARPER, N
Injured when auto overturns, S 28, 1:4

FISH AND GAME ASSN, PORTAGE
Elects officers: L S Myers speaks, Apr 29, 37:2

LABOR
Viewed as having power to abolish war, poverty, and charity, 1tr, D 28, 45

Cross references are used to direct the reader to the proper headings or to additional material under related headings. Examples:

ABANDONED CHILDREN. See Children

MARRIAGE AND MARRIAGES

A woman was stabbed to death at the ballroom of the Akron Club. The suspect, who is a former employee of the club, was arrested and charged with murder. The victim, a new mother, was killed during a dispute over a parking space. The suspect's motive is unclear at this time.

Other notable news items include:

- A man was arrested for attempted murder after a shooting in a bar in downtown Akron.
- A city council meeting was held to discuss budget cuts and the need for new public safety measures.
- A local high school was placed on lockdown after a threat was made.

Local businesses are reporting a rise in sales due to increased foot traffic from tourists.

In other news, a new restaurant is set to open in the former space of a popular eatery that closed last year. The new establishment promises to offer a unique culinary experience.
