The City Directory

Represents Conditions Today—

History Tomorrow

The men who direct the affairs of the city and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the world as no other publication does or can do.

It is the logical means of publicity in advertising the city, its industrial, commercial and social advantages.

Patronize the City Directory and you automatically boost your own business.

The sign over your door is a mighty good investment, but just consider how much "mightier" investment the Directory offers you.

THINK IT OVER!
Advertising Akron

Copies of the Akron City Directory are placed in Directory Libraries throughout the United States and Canada. The publishers are doing everything possible to broadcast Akron as a most desirable business and residential city. This is made possible by the liberal co-operation of the public spirited citizens as reflected by the fine display of advertisements.
This section of the Directory contains the Advertisements and Professional cards of the more progressive business men, classified according to their respective line of business or profession. In brief, they are the men who are making business and history for Akron. Patronize them and you will be sure of a square deal.

We have on file in our Directory Library every issue of the Akron City Directory, beginning with the 1868 edition, down to the current issue. These volumes contain a wealth of information concerning the people who were listed in the Directory during the past 70 years. Persons listed in the earlier Directories are now only memories, but their listings in the Directory remain the same as when they were here in person.

These rare volumes, as well as hundreds of current Directories of other cities, are available for public reference, without cost,—just a part of our service.

DID YOU EVER THINK?
A misdirected letter, bill or delivery may cost you several times as much as a CITY DIRECTORY
The 28-story First-Central Tower is the largest, newest, most up-to-date office building in Akron. This fact enables us to give tenants the utmost in comfort, convenience and service.

The building stands at Akron's busiest corner, where the most clients and customers are. An address in it is assurance that your location is universally known, and easily reached. And eight elevators take customers to you without delay.

All offices are light, airy and as commodious as desired. Those on the higher floors are free from the noises of the street, an advantage desired by many. For further information, please telephone, write or visit the Building Manager at Suite 400.

NAMES APPEARING IN BOLD FACE TYPE
IN THIS DIRECTORY are those of people who ACCOMPLISH THINGS, and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

PATRONIZE THEM!
These huge, sharpened “blowout spikes” ripped open holes that would blow a tire instantly, but because of “Bulkhead” Tubes, there was no blowout!

The punishment this amazing new “Bulkhead” the SEALED-AIR Tube will stand—without a blowout or a flat—is almost unbelievable! There’s never been a safety tube like it before. It gives you double protection against punctures and blowouts because of its patented bulkhead construction.

If a spike, a sharp piece of glass, or an internal tire break cuts this tube, the plastic gum within the bulkhead seals the injury—resists the sudden release of air that is called a “blowout.”

If one of your tires should pick up a nail, you can drive on and on without a flat. The plastic gum in the bulkheads seals the hole while you drive!

BURLINGTON DIRECTORY CO'S
BUSINESS MEN
Appreciate and Patronize their
CITY DIRECTORY
THIS DIRECTORY IS THE PRODUCT OF
THE BURCH DIRECTORY CO.
A Member Of The
ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS

Thus assuring patrons the ultimate service that skill and care can
produce in the way of City Directories, and providing protection against
fraudulent advertising schemes which operate under the name of
Directories.

The following "Standards of Practice," adopted at the inception of
the Association in 1898, and strictly adhered to since that date, is your
guarantee of satisfactory Directory Service.

The publisher of a Directory
should dedicate his best efforts
to the cause of business uplift
and social service, and to this
end pledge himself:

1. To consider, first, the in-
terest of the user of the Direc-
tory.

2. To subscribe to and work
for truth, honesty and accuracy
in all departments.

3. To avoid confusing dupli-
cation of listings, endeavoring
to classify every concern under
the one heading that best de-
scribes it, and to treat addi-
tional listings as advertising, to
be charged for at regular rates.

4. To increase public knowl-
edge of what Directories con-
tain; to study public needs and
make Directories to supply
them; to revise and standard-
ize methods and classifications,
so that what is wanted may be
most easily found and the
Directory be made to serve its
fullest use as a business and

social reference and director
of buyer and seller.

5. To decline any advertise-
ment which has a tendency to
mislead or which does not con-
form to business integrity.

6. To solicit subscriptions
and advertising solely upon the
merits of the publications.

7. To avoid misrepresenta-
tion by statement or inference
regarding circulation, placing
the test of reference publicity
upon its accessibility to seek-
ers, rather than on the number
of copies sold.

8. To co-operate with ap-
proved organizations and in-
dividuals engaged in creative
advertising work.

9. To avoid unfair compe-
tition.

10. To determine what is
the highest and largest func-
tion of Directories in public
service, and then to strive in
every legitimate way to pro-
mote that function.
MEMORANDUM
Something
To Think About
For the Advertiser and the Consumer

Do you realize that an advertisement in the City Directory is a testimonial to the permanency and stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally; second, this co-operation and patronage is wholly responsible for the very existence of the City Directory.

The modern City Directory is a wonderful asset, credit and benefit to the community it represents. In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective.

While we have offered you "Something to Think About," it is also something worth remembering.
